

E-Label information

Devices based on factory configuration do show the e-label using a web browser. The steps to access the information are:

1. The following view is shown at the Browser window, FCC information at the bottom of the screen:

FCC ID: 2AEJD -3628-15102

IC: 9301A-362815102

Model: Ibex-1510-T2G2.5 NA

2. Users are able to access the information in **no more than 3 steps** in the device's menu.
3. The actual Steps are:
 - a. Connect the Ibex-1510 via Ethernet to a PC and power them up.
 - b. Write at the web browser of the PC:
<http://192.168.1.20> or <https://192.168.1.20>
4. The E-Label can be accessed without any special accessories, access codes, or SIM card having to be in place.
5. Electronic labeling information is not modifiable by any third party.
6. A temporary removable adhesive label will be used on the product.
7. Due to the heat dissipation design of the device body, there is insufficient space to display part 15.19 statements and it is placed in the user manual.
