Change Default Options

Change Default Options lets you change default settings in the following categories:

•General Default Options

Record Defaults

•Remind Defaults

Highlight Change Default Options, and press ENTER.

<General Default Options>

General Default Options lets you set defaults for the following:

•The initial Info Box size when the TV guide on screen system is entered.

Choices are No, Small, Large, and Last Used (Default = Last Used).

•The Info Box size rotation when the Info key is pressed while in the TV guide on screen system. Choices are No only, Small only, Large only, No & Small, No & Large, Small & Large, All (Default = All)

•Automatic entry into the TV guide on screen system (Auto-Guide) when the TV is powered On. Choices are On and Off (Default = On).

Highlight General Default Options, and press the Menu key to display the General Default Options menu.

Highlight Go to Service Bar to close the menu, change no information, and return to the Setup Service Bar.

When finished, press **ENTER** to highlight Done. Press **ENTER** again to close the menu and accept the changes.

Highlight Cancel to close the menu, change no information, and return to the highlighted option.

< Record Defaults>

Record Default Options lets you set defaults for the following:

- When to start the record event. Choices are 120 minutes early to 120 minutes late, to On time. (Default = On time)
- When to end the record event. Choices are 120 minutes early to 120 minutes late, to On time. (Default = On time)
- Recorder choice: Please choose the HDD only. This TV does not provide other devices with a recording feature.

Highlight Record Defaults, and press the Menu key to display the Record Default Options menu.

Highlight Go to Service Bar to close the menu, change no information, and return to the Setup Service Bar.

< Remind Defaults>

Remind Default Options lets you set defaults for the following:

•Power On the TV, if Off, when a Reminder is scheduled. Choices are Yes and No.

(Default = No)

- •Automatically tune the TV to the channel (TV must be On), when a Reminder is scheduled. Choices are Yes and No. (Default = No)
- •When to display the reminder screen. Choices are 30 seconds to 15 minutes early, to 30 seconds to 15 minutes late, to On time.
- (Default = 1 min early)

Highlight Remind Defaults, and press the Menu key to display the Remind Default Options menu.

Highlight Go to Service Bar to close the menu, change no information, and return to the Setup Service Bar.

When finished, press **ENTER** to highlight Done. Press **ENTER** again to close the menu and accept the changes.

Highlight Cancel to close the menu, change no information, and return to the highlighted option.

Record And Remind Features

< Record >

You can set a show to Record in Listings, Search, and Schedule or change Record settings for a show in Schedule.

There are 3 ways to set a show to Record:

1) Using the Record Button on the Remote

- Press the Record button on the remote to record the show Once with current default settings (Start and End recording On Time). Each time you press the Record button, you change the record frequency (but not the default settings) among Once (default), Regularly, Daily, Weekly and then Cancel.
- Note: The proper Record icon appears on the show tile, as the Record button is pressed.

Once ______ -records the show one time

• **Regularly** —records the show every time the show airs on the same channel and starts at the same time

• Off (not cancel) - keeps the show in the list but will not record this show until the frequency is changed

• Cancel (no icon displayed)—does not record

2) From a Panel Menu

- •Highlight a show, and press Menu to display the Episode Options menu.
- •Highlight Set Recording, and press **ENTER** to display the Record Options menu.
- •Highlight the Frequency option, and use the left and right arrows to choose among Once, Regularly, Weekly, and Off, as previously described.
- Recorder choice: Please choose the HDD only. This TV does not provide other devices with a recording feature.
- •Note: Video Window Lock is operated to on or off using PIP button in Listings mode.

When finished, press ENTER to highlight Schedule Recording.

Press **ENTER** again to close the menu. You see a Record icon for the selected frequency next to the show title.

Highlight Cancel to close the menu, change no information, and return to the highlighted show.

- •Current information (i.e., date, start and end times, channel, input) is displayed.
- Recorder choice: Please choose the HDD only. This TV does not provide other devices with a recording feature.

•Use the left and right arrows to choose between Once, Daily, Weekly, and Off, as follows.

- Once records the time, channel, input, recorder combination one time.
- Daily ______ -- records the time, channel, input, recorder combination Monday through Friday.

• Weekly ______-records the time, channel, input, recorder combination once a week on this selected day of the week

• Off (not cancel) - keeps the time, channel, input, recorder combination in the list without recording until the frequency is changed.

When finished, press **ENTER** to highlight Schedule Recording.

Press **ENTER** again to close the menu. You see a Record icon for the selected frequency next to the show title.

Note: Manual recording is listed by channel number.

Highlight Cancel to close the menu, change no information, and return to the highlighted show.

Before a recording begins, a notification screen appears if you are using a Cable box and your TV is On. At that time, you can choose to start or cancel recording. If the TV is not On, the recording occurs as scheduled. If there is no activity for 3 minutes, the notification screen automatically closes and completes the highlighted item.

Record Conflict

A conflict message appears for the following reasons:

- a show set to Record overlaps with any part of another show previously set to Record,
- a show set to Record overlaps with a show previously set to autotune

Select one of these options:

- record anyway this show will override an existing show set to Record or auto-tune
 - + don't record this show cancel the Recording

don't record this show.

< Remind >

You can set a show Reminder in Listings, Search, and Schedule or change Reminder settings for a show in Schedule. There are 2 ways to set a show Reminder:

1) From a Panel Menu

- Highlight a show, and press Menu to display the Episode Options menu.
- Highlight Set Reminder, and press **ENTER** to display the Remind Options menu.

- •Highlight the Frequency option, and use the left and right arrows to choose between:
- Regularly in -sets a show reminder every time the show airs on the same channel and starts at the same time

• Weekly .--sets a show reminder each time the show airs on the same day of the week, on the same channel and starts at the same time

- Off Solution keeps the show in the list but will not remind until the frequency is changed
- •Power On the TV, if Off, when a Reminder is scheduled. Choices are Yes and No. (Default = No)
- •Automatically tune the TV to the channel (TV must be On), when a Reminder is scheduled. Choices are Yes and No. (Default = No)
- •When to display the reminder screen. Choices are 30 seconds to 15 minutes early, to 30 seconds to 15 minutes late, to On time. (Default = 1 min early)

When finished, press **ENTER** to highlight Schedule Reminder. Press **ENTER** again to close the menu. You see a Remind icon for the selected frequency next to the show title.

Highlight Cancel to close the menu, change no information, and return to the highlighted show.

2) Manual Reminder

- •Highlight the Schedule Service label, and press the Menu key to display the Schedule Options menu.
- Use the ▲ / ▼ / ◄ / ▶ buttons to move through the options. Use the number or ▲ / ▼ / ◀ / ▶ buttons to change the information, as necessary.
- •Highlight New Manual Reminder and press the ENTER key to display the Remind Options menu.
- •Current information (i.e., date, start and end times, channel, input, frequency, etc.) is displayed.
- Highlight the Frequency option, and use the
 ✓ / ► buttons to choose among Once, Daily, Weekly, and Off, as follows.
- Daily reminds for the time, channel, input, recorder combination Monday through Friday
- Weekly —sets a show reminder for the time, channel, input, recorder combination once a week on this selected day of the week
- Off (not cancel) M —keeps the time, channel, input, destination combination in the list without reminding until the frequency is changed
- •Power On the TV, if Off, when a Reminder is scheduled. Choices are Yes and No (Default =No).
- •Automatically tune the TV to the channel (TV must be On), when a Reminder is scheduled. Choices are Yes and No (Default = No).

When finished, press **ENTER** to highlight Schedule Reminder. Press **ENTER** again to close the menu. You see a Remind icon for the selected frequency next to the show title.

Note: Manual reminder is listed by channel number.

Highlight Cancel to close the menu, change no information, and return to the highlighted show.

Based on your option settings, a notification screen will appear, if your TV is On at the reminder time. You can then choose to hide the reminder, or highlight the show, and press **ENTER** to tune to the show. If there is no activity for 3 minutes, the notification screen automatically closes and completes the highlighted item (hide reminders).

If you choose Hide Reminders, the window closes for the show or shows, but does not affect other Reminders you set.

Note: If more than 2 reminders are set for the same time, arrows appear on the Reminder screen. Use the \blacktriangle / \checkmark buttons to view the shows.

Remind Conflict

A conflict message appears for the following reasons:

- a show set with an Auto-Tune Reminder has the same start time as an existing Auto-Tune Reminder.
- If you are using a cable box, a show set with an Auto-Tune Reminder overlaps with a Recording already scheduled.

Select one of these options:

- auto-tune anyway this show will override an existing show set to auto-tune
- proceed, no auto-tune set the show as a Reminder but do not auto-tune
- + don't set this reminder cancel the Reminder

REMINDER CONFLICT! Auto-tuning "Jamie Kennedy Experiment" will override the auto-tune reminder for "Scrubs". auto-tune anyway proceed, no auto-tune don't set this reminder

REMINDER CONFLICT! Auto-tuning "Jamie Kennedy Experiment" will override the auto-tune reminder for "Scrubs". auto-tune anyway

proceed, no auto-tune

don't set this reminder

Schedule Functions

Schedule

- Schedule lets you review, edit, or delete Record and Remind events that you set previously.
- With Schedule highlighted, press the Info button to display a Help screen. Press the Info button again to close the screen.
- An icon identifies the event type:

Record

Once ■ —records the show one time

• Regularly **F**, Daily **F** —records the show every time the show airs on the same channel and starts at the same time

• Off I —keeps the show in the list but will not record this show until the frequency is changed.

Alter and a second of Remind Testand of Rem

Remind

• Regularly . Daily --sets a show reminder every time the show airs on the same channel and starts at the same time

Highlight an event, and press the Menu key for options.

Go to Service Bar - closes the menu, changes no information, and returns to the Schedule Service Bar.

Tune to channel - exits the tv guide on screen system and tunes to the highlighted show.

Delete Recording - removes the recording from the Schedule, after a Confirm screen.

Edit Recording - opens a menu from which you can change existing recording information.

Set Reminder - opens a menu from which you can set a Reminder for the show (Record is not cancelled).

Cancel - closes the menu, changes no information, and returns to the highlighted show.

IEEE 1394 Functions

- It's available to communicate to either direction and you can give and take a image, sound, or each control command with one cable.

- Only use the DVHS and MicroMV Camcorder to work the 1394.

How to connect the 1394

•To work the 1394, this 3 methods can used.

1. When connecting the DVHS or the MicroMV Camcorder, as shown in the (a) or (b) figure, select the **IEEE 1394** in **HOME** menu to show the control panel.

(a) TV
$$\leftarrow$$
 DVHS
Connect the IEEE1394 Cable>

- 2. When connecting the DVHS and the MicroMV Camcorder, as shown in the (c) figure, select the **IEEE 1394** in **HOME** menu to show the contents panel and then select the DVHS or the MicroMV Camcorder to show the control panel.

<Connect the IEEE1394 Cable>

When connecting the 1394 and then playing, you must use the original DVHS tape. If not, it may be occurred the errors.

90 Plasma TV

DVHS

How to play the DVHS

1. Connect the IEEE 1394 jack of the TV to the IEEE 1394 jack of the DVHS with IEEE 1394 Cable.

<TV>

- Press the ▲ / ▼ buttons to select the **DVHS** and then use the **ENTER** button.
 - Show the control panel of DVHS.

2. When watching the TV, press the xmdl button to move the IEEE 1394 in HOME menu and then ENTER button.

• The control panel of DVHS

(c) MicroMV Camcorder Daisy Chain

Owner's Manual 97

CableCARD™ Function

* In this manual, the OSD (On Screen Display) may be different from your TV's because it is just example to help the TV operation.

Cable menu options

- The Cable sub menu displays when inserting the CableCARD[™] to the TV.
- The CableCARD[™] type is Motorola, Scientific Atlanta (SA), or SCM etc. The OSD (On screen display) is different from your TV according to your CableCARD[™] type.
- 1. Press the **MENU** button and then use ▲ / ▼ button to select the **CABLE** menu.
- 2. Press the ► button and then use ▲ / ▼ button to select your desired item.
- 3. Press the ► button.
- 4. Press EXIT button to return to TV viewing.

In case of Scientific Atlanta CableCARD™

i.e) CableCARD™/ Host ID Screen

 As shown, the pairing number means your TV and CableCARD[™] ID.
 For further information regarding cable TV service, contact your local cable TV service provider(s).

Scrambled channel

- Insert the CableCARD[™]. If you do it at first, it takes about 1 minute to exchange the data between the TV and the CableCARD[™]. Then, TV screen displays as shown right.
- Let your cable TV service provider know CableCARD[™] ID and Host ID.
- If your cable TV service provider is registered CableCARD[™] ID and Host ID, you can watch the premium or high value channel.
- If you ever registered to the cable TV service provider, you can watch the premium or high value channel without a message.

CableCARD™ Message
In order to start cable service for this device, please contact SuperVision Cable at 1-800-555-8888
POD ID: 7-561-034-449-009
Host ID: 0-100-331-784-018
EXIT Exit

 If the certificate don't match between the TV and the CableCARD[™], the OSD (On screen display) displays as shown left.

Cable Channel List

- 1. If you enter the Channel Edit after running the EZ Scan, you can see the cable channel list.
- 2. Inserting the CableCARD[™]. Then, the TV receive a new cable channel list. At this time, it takes about 2~3 minutes. (Occasionally more than that time).

Note:

• As data gathering of CableCARD[™], it may make a noise by fan in standby mode.

Emergency Alert Message

- If an emergency situation occur during watching the TV, you can receive a message from cable TV service provider(s).
- When receiving an emergency message, the message is displayed on the screen as shown below or the channel is changed automatically to a channel that maintains the emergency message. The message automatically disappeared.

Remote Control

PIP (Picture-In-Picture) / POP / Twin Picture

- PIP lets you view 2 different inputs (sources) on your TV screen at the same time. One source will be large, and the other source will show a smaller inset image.
- Twin Picture mode splits the screen into 2, allowing 2 picture sources to be shown on the TV screen at the same time. Each source is given half the screen.
- If you set the block/rating for Lock menu options in PIP/Twin Picture mode, "Rating Blocked" doesn't display on screen.

Watching PIP/POP/Twin Picture

Press the PIP button to access the sub picture. Each press of PIP changes the PIP options as shown below.

Selecting an Input Signal Source for PIP/Twin Picture

Use the **PIP INPUT** button to select the input source for the sub picture. Each press of **PIP INPUT** button changes the PIP source. You can also select sources for the **Sub Input** in the **SETUP** menu.

Main Picture Source	Available Sub Picture Sources
DTV	Analog, Video, and Front Video
Analog	DTV, Analog, Video, and Front Video

Swapping the PIP/Twin Picture

Repeatedly, use the SWAP button to switch the main and sub pictures.

• Component 1, Component 2, RGB-PC (or RGB-DTV), HDMI1/DVI,HDMI2 input sources for the main picture can't be used to swap the main and sub pictures.

- TV Program selection for PIP
- 1. Press the PIP button.
- Select the Antenna or Cable option on the Sub input menu or with the PIP INPUT button. Use the PIPCH+ / PIPCH- button to select a channel for the sub picture. (You can't select DTV for main and sub picture simultaneously).

Moving the PIP sub picture

In PIP mode, press the \land / \checkmark / \checkmark / \checkmark button to move the sub picture to a different location on the screen.

Adjusting Main and Sub Picture Sizes for Twin Picture

Use the ▲ / ▼ / ◄ / ► button to change main and sub picture sizes in Twin Picture mode.

i.e)

If screen is adjusted to the maximal size, the large screen is filled with entire screen vertically as shown.

POP (Picture-out-of-Picture: Channel Scan)

- Use POP to search the programs of all the memorized channels one-by-one on the 3 PIP screen display, (while the main picture source remains the current channel). The pictures of all the programmed channels are searched with the 3 POP screen.
- Notes:

•Run EZ Scan channel search before using POP mode.

•When Sub pictures are changed from the TV/DTV to CATV/CADTV in POP mode, it may make a noise from the Tuner switch.

1. Press the **PIP** button to activate the POP mode while in PIP mode.

- Channel selection: Use ◄ button to enlarge the selected channel being searched on the PIP screen to shift it for viewing on the Main screen.
- **PIP selection:** Use **A** / **V** button to select one of 3 PIP screen pictures in POP mode.
- When watching TV/CATV on Main picture, TV/CATV or DTV/CADTV on Sub pictures are in channel scanning. However, when watching DTV/CADTV on Main picture, only TV/CATV on Sub picture is in channel scanning.

2. Press the **EXIT** button to cancel POP mode.

Information

- Operation: Watching TV/DTV/CATV/CADTV

Owner's Manual 103

- Nothing to do with Caption on/Off using **Mute** button, the mode selected Caption/Text is to be displayed.
 When you repeatedly press the **Mute** button, the screen is displayed in turn. (Refer to the lower picture)

Note:

• EZ Mute only operates in DTV/Analog/Video/Front Video/IEEE1394.

External Control Device Setup

- Connect the RS-232C input jack to an external control device (such as a computer or an A/V control system) and control the Monitor's functions externally.
- Connect the serial port of the control device to the RS-232C jack on the Monitor back panel.
- RS-232C connection cables are not supplied with the Monitor.

RS-232C Setup

Type of Connector;	D-Sub	9-Pin	Male
--------------------	-------	-------	------

No.	Pin Name
1	No connection
2	RXD (Receive data)
3	TXD (Transmit data)
4	DTR (DTE side ready)
5	GND
6	DSR (DCE side ready)
7	RTS (Ready to send)
8	CTS (Clear to send)
9	No Connection

RS-232C Configurations

3-Wire Configurations (Not standard)

Owner's Manual 105

Set ID

Use this function to specify a monitor ID number. Refer to 'Real Data Mapping'. See page 82.

- 1. Press the **MENU** button and then use ▲ / ▼ button to select the **SETUP** menu.
- 2. Press the ▶ button and then use ▲ / ▼ button to select SET ID.
- 3. Press the ▶ button and then use ▲ / ▼ button to adjust SET ID to choose the desired monitor ID number. The adjustment range of SET ID is 1 ~ 99.
- 4. Press EXIT button to return to TV viewing or press MENU button to return to the previous menu.

Communication Parameters

- Baud rate : 9600 bps (UART)
- Stop bit : 1 bit

DATA (Hexadecimal)

0~1

Communication code : ASCII code

• Data length : 8 bits • Parity : None

* Use a crossed (reverse) cable.

Command Reference List

Transmission

[Command1][Command2][][Set ID][][Data][Cr]

Transmission / Receiving Protocol

- * [Command 1]: First command to control the set. (j or k)
- * [Command 2]: Second command to control the set.
- * [Set ID]: You can adjust the set ID to choose desired monitor ID number in Setup menu. Adjustment range is 1 ~ 99. When selecting Set ID '0', every connected the TV is controlled. Set ID is indicated as decimal (1~99) on menu and as Hexa decimal (0x0~0x63) on transmission/receiving protocol.
- * [DATA]: To transmit command data.
 - Transmit 'FF' data to read status of command.
- * [Cr]: Carriage Return ASCII code '0x0D'
- * []: ASCII code 'space (0x20)'

OK Acknowledgement

[Command2][][Set ID][][OK][Data][x]

The Monitor transmits ACK (acknowledgement) based on this format when receiving normal data. At this time, if the data is data read mode, it indicates present status data. If the data is data write mode, it returns the data of the PC computer.

Error Acknowledgement

- * The Monitor transmits ACK (acknowledgement) based on this format when receiving abnormal data from non-viable functions or communication errors.
- Data 1: Illegal Code
 - 2: Not supported function
 - 3: Wait more time

25. Tune Command (Command: m a)

To tune channel to following physical/major/minor number <u>Transmission</u>

[m][a]	[][Set ID][][Data0][][Data1][][Data2][][D	0ata3][][Data4][][Data5][Cr]
Doto	0: Physical channel number Min: 1	Max: 0x97

Data 0: Physical channel number Min: 1~ Max: 0x87 Data 1, Data 2: Major Channel Number (two part)/ Channel Number (One part) (Data 1: High, Data 2: Low)

Data 3, Data 4: Minor Channel Number (Data3: High, Data4: Low) Data 5:

7	Main/Sub Picture	6	Two/One Part Channel	5	5 Using Physical Channel		3	2	1	0	Step
0	Main	0	Two	0	Use	х	0	0	0	0	NTSC Air
1	Sub	1	One	1	No Use	х	0	0	0	1	NTSC Cable
						х	0	0	1	0	ATSC Air
						х	0	0	1	1	ATSC Cable_std
						х	0	1	0	0	ATSC Cable_hrc
						х	0	1	0	1	ATSC Cable_irc
						х	0	1	1	0	ATSC cable_auto
						х	0	1	1	1	Reserved
						х	х	х	х	х	
						х	1	1	1	1	Reserved

* All data are transmitted by Hexadecimal code

*Two/One part Channel: 6th bit

This bit is used in a cable-ready system.

*Using physical channel: 5th bit

If the channel band is NTSC air or NTSC cable, channel tuning can be done by only physical channel. In this case, using physical channel bit must be low(0).

But if the channel band is ATSC air or ATSC cable, there are two cases that physical channel enable or disable.

If the physical channel sending is meaningful, you should set this bit low(0). If the physical channel sending is meaningless, you should set this bit high(1).

Example)

1. Analog channel: NTSC cable, channel number(35), main picture Command: ma 00 23 xx xx xx 01 attribute(0x01): main picture, two part(it's not mandatory), using physical channel, NTSC cable 'xx' data: don't care major and minor channel number in case analog channel tuning.

2. Digital channel: ATSC air, channel number(don't know physical channel, major(30), minor(3)), sub picture

Command: ma 00 xx 00 1E 00 03 A2 attribute(0xA2): sub picture, two part, not using physical channel, ATSC air 'xx' data: don't care analog channel number in case digital channel tuning.

3. Digital channel: ATSC air, channel

number(physical(20),major(20), minor(3)), sub picture Command: ma 00 14 00 14 00 03 82 attribute(0x82): sub picture, two part, using physical channel, ATSC air.

Programming the Remote

The remote control is a multi-brand or universal remote control. It can be programmed to operate most remote-controllable devices of other manufacturers.

Note that the remote control may not control all models of other brands.

Programming a code into a remote mode

1. Test your remote control.

To find out whether your remote control can operate the component without programming, turn on the component such as a VCR and press the corresponding the desired component button on the remote control, while illuminating at the selected component. Test the **POWER** and **CH** \blacktriangle buttons to see if the component responds properly. If not, the remote requires programming to operate the device.

- 2. Turn on the component to be programmed, then press the corresponding the desired component button on the remote control.
- 3. Press the MENU and MUTE buttons simultaneously, the remote control is ready to be programmed for the code.
- 4. There are two ways to find the right code for the component.
 - A. If you press the CH ▲/▼ buttons repeatedly, the codes will change one at-a-time. Press the POWER button after each code change. If the right code is found, the device will turn off.
 - B. Enter a code number using the number buttons on the remote. Programming code numbers for the corresponding component can be found on the following pages. Again, if the code is correct, the device will turn off.
- 5. Press the **MENU** button to store the code.
- 6. Test the remote control functions to see if the component responds properly. If not, repeat from step 2.

Troubleshooting Checklist

No picture & No sound Picture OK & No sound	 Check whether the TV is turned on. Is the power cord inserted into wall power outlet? Test the wall power outlet, plug another product's power cord into the outlet where the TV's power cord was plugged in. Press the VOLUME (►) button. Sound muted? Press MUTE button.
The remote control doesn't work	 Check to see if there is any object between the TV and the remote control causing obstruction. Are batteries installed with correct polarity (+ to +, - to -)? (Refer to p.10) Correct remote operating mode set: TV, VCR etc.? Install new batteries. (Refer to p.10)
Picture appears slowly after switching on	This is normal, the image is muted during the TV startup process. Please contact your service center, if the picture has not appeared after five minutes.
No or poor color or poor picture	 Select Color in the Video menu and press the VOLUME (►) button. (Refer to p.61) Keep a sufficient distance between the TV and the VCR. Activate any function to restore the brightness of the picture. (If still picture is on the screen for more than 5 minutes, the screen gets dark.)
Horizontal/vertical bars or picture shaking	Check for local interference such as an electrical appliance or power tool.
No output from one of the speakers	 Adjust Balance in the AUDIO menu. (Refer to p.63)
Unusual sound from inside the TV	 A change in ambient humidity or temperature may result in an unusual noise when the plasma display is turned on or off and does not indicate a fault with the TV.

Maintenance

- Early malfunctions can be prevented. Careful and regular cleaning can extend the amount of time you will have your new TV. Be sure to turn the power off and unplug the power cord before you begin any cleaning.

Cleaning the Screen

- 1. Here's a great way to keep the dust off your screen for a while. Wet a soft cloth in a mixture of lukewarm water and a little fabric softener or dish washing detergent. Wring the cloth until it's almost dry, and then use it to wipe the screen.
- 2. Make sure the excess water is off the screen, and then let it air-dry before you turn on your TV.

Cleaning the Cabinet

To remove dirt or dust, wipe the cabinet with a soft, dry, lint-free cloth. Please be sure not to use a wet cloth.

Extended Absence

If you expect to leave your TV dormant for a long time (such as a vacation), it's a good idea to unplug the power cord to protect against possible damage from lightning or power surges.

Product Specifications

MODELS	TU-50PY22/TU-50PY2DR-UA	TU-60PY22/TU-60PY2DR-UA	
Width (inches / mm)	55.2 / 1402	67.24 / 1708	
Height (inches / mm)	31.4 / 798.5	36.6 / 931	
Depth (inches / mm)	11.9 / 302.5	12.6 / 320.7	
Weight (pounds / kg)	122 / 55.3	189.2 / 85.8	
Resolution	1366 x 768 (Dot)		
Power requirement	AC100-240V ~ 60Hz		
Television System	NTSC	-M, ATSC	
Program Coverage	VHF 2 ~ 13, UHF 14 ~ 69, CATV 1 ~ 135, CADTV 1 ~ 135. DTV 2 ~ 69		
External Antenna Impedance	75 Ω		
Color	16,770,000 (256 ste	ps of each R, G and B)	
Operating Temperature Range	32 ~ 104°F (0 ~ 40°C)		
Operating Humidity Range	Less than 80%		
Maximum Elevation	6561 feet (2000m)		

• The specifications shown above may be changed without prior notice for quality improvement.

LG ELECTRONICS, INC. PLASMA TV — U.S. LIMITED WARRANTY

Your LG Plasma TV will be repaired or replaced in accordance with the terms of this warranty, at LGE's option, if it proves to be defective in material or workmanship under normal use, during the warranty period ("Warranty Period") listed below, effective from the date ("Date of Purchase") of original consumer purchase of the product. This warranty is good only to the original purchaser of the product and effective only when used in the United States, including Alaska, Hawaii, and U.S. Territories.

WARRANTY PERIOD:	HOW SERVICE IS HANDLED:
LABOR and PARTS: 2 YEARS from the Date of Purchase. Your unit will be repaired or replaced with a new, substitute model or factory reconditioned unit, at LGE's option. If repaired, parts used in the repair may be new or remanufac- tured. Replacement Units and Repair Parts are warranted for the remaining portion of the original unit's warranty period.	In-Home Service: Please retain dealer's dated bill of sale or delivery ticket as evidence of the Date of Purchase for proof of warranty, and submit a copy of the bill of sale to the service person at the time warranty service is provided.
EFFECTIVE DATE OF WARRANTY: Your warranty period begins on the date of sale to the original consumer/end user. KEEP THE DEALER'S DATED BILL OF SALE OR PROOF OF DELIVERY as evidence of the purchase date. You will be required to submit a legible copy of your bill of sale or proof of delivery when requesting warranty service.	Please call 1-201-816-2000 to locate your nearest LGE Authorized Service Center. Visit our website at: http://www.lgservice.com

THIS WARRANTY IS IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT ANY IMPLIED WARRANTY IS REQUIRED BY LAW, IT IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD ABOVE. NEITHER THE MANUFACTURER NOR ITS U.S. DISTRIBUTOR SHALL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOST OR CORRUPTED PROGRAMMING OR DATA, OR ANY OTHER DAMAGE WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusion or limitation may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

CONCERNING PIXEL FUNCTIONALITY: Your Plasma TV contains about one million individual pixels. Plasma TV typically contain a small number of pixels that do not function normally. Your display has been inspected and is in compliance with manufacturer's specifications, indicating that any pixel defects do not effect the operation or use of your display.

IMPORTANT: Please fill out and mail in your Product Registration Card or go to www.lgservice.com to register your product online. This information will allow us to reach you promptly should we discover a safety or reliability problem that could affect you.

THIS LIMITED WARRANTY DOES NOT APPLY TO:

 damage caused in shipping or transit service required as a result of improper installation, including incorrect or insufficient AC supply (please consult the owner's manual for power supply requirements) installation or repair of antenna systems, cable converters, cable company supplied equipment, or other components in a video system set-up or adjustment on consumer controls, or damage caused by improper adjustments damage caused by other system components any panel that has been modified or incorporated into any other product replacement of batteries on the remote control. damage (including cosmetic damage), failure, loss or personal injury due to misuse, abuse, negli- 	 gence, improper maintenance or storage, or to acts of nature or other causes beyond our control. (Causes beyond our control include but are not limited to lightning strike, power surges, power outages and water damage.) image burn-in repair or replacement of warranted parts by other than LGE authorized service centers. units purchased or serviced outside of the coverage area. product where the original factory serial numbers have been removed, defaced or changed in any way. product sold and labeled as "as is, where is" or similar disclaimer.
--	--

The cost of repair or replacement under these excluded circumstances shall be borne by the consumer.

CUSTOMER INTERACTIVE CENTER NUMBERS:

To obtain customer assistance, product	Call	1-201-816-2000
information or Dealer or Service locations		24 hours a day, 365 days per year

FOR SERVICE:

Before you call for warranty service, check your operating guide – you may avoid a service call. For warranty service information, please contact the LGE Customer Interactive Center telephone number.

When calling for service, please have your product model number, serial number and the date of purchase or the date of original installation available.

If a replacement unit is required, under some circumstances you may be asked to provide a reserve deposit to the LGE Service Center against a credit card number as surety for advanced shipment. Your credit card will not be charged if you return the defective unit within 10 working days.

If a replacement unit is received, please use the carton and packaging from that unit in returning the defective unit to the LG[®]Brand Service Center.

Parts and service in accordance with the LGE warranty are LGE's responsibility and will be provided without charge. Other service requirements will be at the owner's expense. If you have problems in obtaining satisfactory warranty service, write or call the LGE Customer Interactive Center. Service may be provided by independently owned and operated service organizations.

To assure proper credit and avoid unnecessary charges, you must obtain an LGE Return Authorization before returning any product to the LGE Service Center. Contact the Customer Interactive Center for details.
