Intermodal Telematics B.V. have requested that the above cross checked documents required to be submitted with this application be permanently withheld from public review.

The product uses high-end technology with customized components to fulfill European and North American hazardous location, radio equipment and harsh environment requirements. As such, it is a unique product. The above-mentioned documents contain detailed system and equipment descriptions and proprietary information about the product that should never get into the possession of our competition.

The information contained in the interior photo display may not be disclosed to non-consumers.

The interior of the final product is encapsulated and closed. The internal photos provided show an unencapsulated interior, which is proprietary information. Please contact me if you need information.

#### **Permanent Confidentiality:**

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

#### **Short-Term Confidentiality for FCC Applications:**

The applicant requests the exhibits selected above as short term confidential be withheld from public view for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify ACB in the event information regarding the product or the product is made available to the public before the requested period has expired. ACB will then release the documents listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.

Sincerely,

By:
