RE: Declaration Letter of Certified Module

FCC ID: 2ADAL-VR7601

Model: VR7601

To whom it may concern,

The above-mentioned device contains a previously certified module (Sterling-LWB5, FCC ID: TFB-1004).

This module when installed inside the VR7601 remains electrically identical to what was certified. The only difference being that when installed, BT/BLE have been disabled via software. Thus, the RF test reports for FCC ID: TFB-1004 are applicable to the VR7601.

Test Reports

TR 316356 A (DTS)

TR 316356 C (U-NII)

TR 316356 D (DFS)

Sincerely,

DocuSigned by:
