

Caution

1. Stay clear of concrete walls or corners

2. Keep away from electric appliances

Quick Start Guide for  
Connector Bridge

Model: DD7006

FC       CE    Product Certification

Connector Bridge allows user to link their motorized shutters, blinds, and curtains into Internet via Wi-Fi or Ethernet, enabling control via smart APP and interaction with other IoT products.

Step 1 Download APP

Please scan below QR code.

Step 2

Please scan below QR code to learn more about link up Connector Bridge with home router, setup Connector APP, and establish connection with other IoT applications.

Program / Pairing:

Press and hold program button for about 2 seconds, then release until the LED blinks purple.

Reset:

Press and hold program button for about 10 seconds, then release until the LED blinks red.

Product Parameter

Indoor use only		
Internet	2.4G Wi-Fi (802.11 b/g/n), Ethernet	
Power	USB Type-C, Powered by PoE	
Radio frequency	433.92MHz	
Dimension	L75 * W75 * H30 (mm)	
Poe	1.6A-1.3A	42V-57V
Work temperature	-5 °C-50 °C	

Status Indicator

Color	Meaning	Duration
— Constant Blue	Working fine	Constant
--- Slow Flashing Red	Network is disconnected	Continuously till status change
--- Slow Flashing Yellow	Network is connected	Continuously till status change
.... Quick Flashing Red	Bridge reset	5 times
--- Slow Flashing Purple	Pairing underway	Continuously till status change
--- Slow Flashing Green	Upgrade in progress	Continuously till status change

Changes or modifications not expressly approved by the party responsible for compliance could void the use's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC RF Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
