## SC400 E-Label

The SC400 has an E-label with the FCC ID shown in the product user interface. The unit model number, software version, serial number, and E-label regulatory information can be seen by:

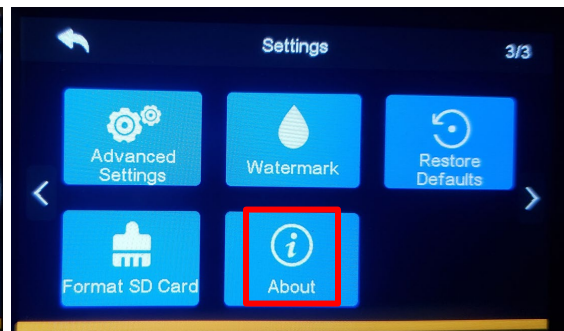

### Step 1:

Press the Settings button.

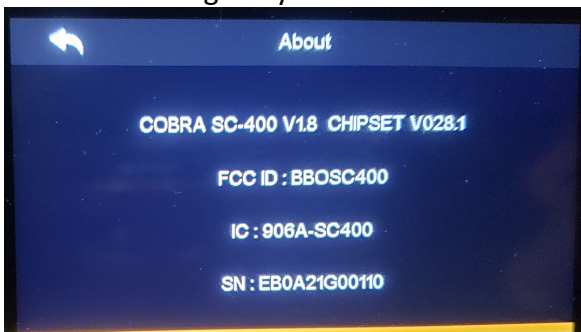

(If the Settings button is not visible, the Dash Cam is currently recording. Tap the stop button to see the screen below)

### Step 2:

Go to Page 3 and press About.

Step 3: Regulatory and device information can be seen on the display screen. The FCC ID cannot be changed by the user.

The FCC ID and IC number are also printed on exterior of the product packaging.

The Quickstart guide included with the product and has a direction to download the full product manual from [www.cobra.com](http://www.cobra.com). The manual includes the above instructions to the user to navigate to the regulatory information.
