EUT View 9	 A black rectangular device, likely a test equipment unit, is shown from a top-down perspective. It has a flat, rectangular body with a slightly recessed area in the center. A black cable is connected to the top edge of the device, and the other end of the cable has a black connector with a gold-colored tip. The device is placed on a light blue surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device is approximately 100 mm wide and 50 mm high.
EUT View 10	 A black rectangular device, likely a test equipment unit, is shown from a top-down perspective. It has a flat, rectangular body with a slightly recessed area in the center. A black cable is connected to the top edge of the device, and the other end of the cable has a black connector with a gold-colored tip. The device is placed on a light blue surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top. The device is approximately 100 mm wide and 50 mm high.
