A close-up photograph of a green printed circuit board (PCB) assembly. The board is populated with several integrated circuits (ICs) and passive components. A large, black, square IC labeled 'VINKA W3C238 C301AA0600' is prominent in the upper right. Below it, another black square IC is labeled 'AT6558 R-5N32-E1 BK36E1J'. The board is also covered with numerous small, rectangular surface-mount components, including capacitors (labeled C46, C47, C48, C49, C50, C51, C52, C53, C54, C55, C56, C57, C58, C59, C60, C61, C62, C63, C64, C65, C66, C67, C68, C69, C70, C71, C72, C73, C74, C75, C76, C77, C78, C79, C80, C81, C82, C83, C84, C85, C86, C87, C88, C89, C90, C91, C92, C93, C94, C95, C96, C97, C98, C99, C100) and resistors (labeled R1, R2, R3, R4, R5, R6, R7, R8, R9, R10, R11, R12, R13, R14, R15, R16, R17, R18, R19, R20, R21, R22, R23, R24, R25, R26, R27, R28, R29, R30, R31, R32, R33, R34, R35, R36, R37, R38, R39, R40, R41, R42, R43, R44, R45, R46, R47, R48, R49, R50, R51, R52, R53, R54, R55, R56, R57, R58, R59, R60, R61, R62, R63, R64, R65, R66, R67, R68, R69, R70, R71, R72, R73, R74, R75, R76, R77, R78, R79, R80, R81, R82, R83, R84, R85, R86, R87, R88, R89, R90, R91, R92, R93, R94, R95, R96, R97, R98, R99, R100). A red connector is visible on the left side of the board, and a black cable is connected to it. The board is mounted on a blue, textured surface.
