

Class II Permissive Change Letter

December 17, 2021
MSBD-21-F011

Federal Communications Commission
Authorization and Standards Division
7435 Oakland Mills Road
Columbia, MD 21046 USA

Class II Permissive Change Application for Panasonic Single Modular under
FCC ID: ACJ9TGWW21B / Certified Under FCC Parts 22H, 24E, 27, 90, 96
(Issue Date of Original Grant: 12/07/2021)
for Installation within Panasonic Personal Computer Model FZ-40

To whom it may concern:

Pursuant to CFR§ 2.1043, Panasonic Corporation of North America hereby requests a Class II Permissive Change for its application with FCC ID: ACJ9TGWW21B.

This change represents:

1. Adding RF Exposure condition for specific host device, Panasonic Personal Computer Model FZ-40
2. Adding Antenna with below antenna gain changes. Because of Antenna Adding, Max conducted power is decreased and also EIRP is lowered than original EIRP.

Frequency (MHz)	Before Max. Ant. Peak Gain (dBi)	After Max. Ant. Peak Gain (dBi)
Band 48	-1.8	1.4

3. The Host PC FZ-40 doesn't support LTE band 30 and Inter band Uplink Carrier Aggregation which is disabled at the factory.
4. No other radio parameters have been changed.

Thank you for your attention in this matter.

Sincerely,

Ben Botros
Manager – Regulatory and Compliance
Panasonic Corporation of North America
