Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, PCTEST Engineering Lab., Inc. hereby requests confidentiality of the 5GHz Band SAR liquid ingredients and mix procedure uploaded to the Operational Description attachment for the subject application.

These documents contain detailed system and equipment description and related information about the 5GHz liquid ingredients, which PCTEST considers being proprietary, confidential, and a custom design and, otherwise, would not release to the general public. PCTEST considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Randy Ortanez
President
