The label model for the ILD can be seen here below. In reality its dimensions are: 38x19 mm.

FIGURE 1 - ILD FCC LABEL

2 LOCATION ON THE DEVICE

This label is put behind the device, on the heat shrinkable sheath as it can be seen on the illustration here below. The label is laminated and permanently attached to the sheath.

FIGURE 2 - FCC LABEL LOCATION

3 LABEL TEXT STATEMENT

In order to be FCC compliant, the following label text statement will be put inside the ILD manual user with the following caution statement.

FCC ID: 2AGTV50-70-010

ILD SENSOR

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

 **Caution:** Changes or modifications not expressly approved by the party responsible for FCC compliance could void the user authority to operate the device. (Cf. FCC Part 15.21).
