

TW3

True Wireless Earphone

Manual

Product Diagrammatic

Package List

- .Earbuds (2PCS)
- .Charging box
- .USB cable
- .Manual
- .Gift box

Product Specifications

.Model: TW3, ZONIC, UR010

.Battery capacity: 35mAh

.Charging battery: 300mAh

. Power input: 5V

Working time: 3 hours

.Input current: 5mAh

.Connection current: 3mAh

.Working current: 5-10mAh

.Charging current: 260mAh

Charging time: 70 minutes

Transmission distance: 10 meters

Products use

True Wireless Connectivity (TWS) enables wireless stereo, separated left and right channels.

Both the left and right ears have full Bluetooth functionality and can be used individually or in pairs.

1. Pairing

Long press the touch position 5 seconds until the red and blue lights flashing alternately.

Find the bluetooth name " **[AL-2]** " on cell phone bluetooth list and click it to connect. If connected successfully, the LED indicator will be off.

Earbuds Pairing: The (the left and the right side) earbuds can be automatically connected with each other after turn on. The red and blue lights flashes when earbuds are pairing with each other. The red and blue lights of the main ear flashes after paired and led of the other goes off.

Using it again for the same phone: Long press the touch position 5 seconds until the red and blue lights flashing alternately, It will be automatically paired successfully.

Using for another phone: Long press the touch position 5 seconds until the red and blue lights flashing alternately and find the bluetooth name " **[AL-2]**" on cellphone bluetooth list and click it to connect.

2. Power Off

Long press the touch position 5 seconds, the LED flashes three times, then power off.

You only need to turn off one earbud, the other side will be off automatically when the earbuds paired.

If the earbuds are power on status and are not connected with the mobile phone, they will automatically turn off after 5 minutes.

3. Call

Support answering the call when earbuds connect with cell phone. Support binaural call.

Answer or Hang UP: Short press the earbuds to answer or hang up the call.

Reject the call: Long press the earbuds to reject.

Interrupt the call: Short press the headset to interrupt the call.

3. Listening to Music

Support listening to music when the earbuds are on and connect with your cell phone.

Pause/Play: Touch the earbud to pause or play the music.

Previous song: Double click the left side earbud to go to the previous song, Next song;

Double click the right side earbud to go to the next song.

Increase the volume: Click the left side earbud for three times continuously to increase the volume.

Decrease the volume: Click the right side earbud for three times continuously to decrease the volume.

Call Siri: Long press the earbud for three seconds to call the siri

Precautions

1. The earphones should be stored in a dry and ventilated environment, to avoid oil, water; moisture and dust affecting product performance.
2. Avoid using stimulus, organic solvents or items containing these ingredients to clean the earphones.
3. The use of earphones should be correctly as per the specification, pay attention to use the influence of environment on the earphones.

In order to ensure the smooth connection, it's recommended that the distance between the earphones and phones within 10 meters.

4. If the earphones failed to connect or with poor connection, pls do not take apart the earphones or the accessories on your own.

Otherwise, no warranty.

5. Regarding charging earphones. Pls use the standard usb cable or pointed charging cable from our company to charge the earphones.

6. In order to ensure normal use, please ensure sufficient power of the earphones.

FCC Warning:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
