Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: VPYLBEE5ZZ1XL, Original grant date: July 4, 2022

The major change filed under this application is :

1. To reduce the output power for WiFi 2.4GHz and 5GHz via software, the BT and BLE is remained unchanged, please refer to the test reports for the details.
2. Evaluation has been done to ensure compliance of EMC and RF exposure.
3. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
4. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
5. EMC test reports are provided for demonstrating compliance of this modification, test results that does not affected compliance are also leveraged from the original authorization.

Sincerely,

(Signature) *K. Hayashikoshi*
