Re: Bosch Security Systems Inc. ZigBee Gen2 model designations

Dear Jenny,

The Bosch Security Systems Inc. ZigBee Gen2 model designations will be as follows:

RFPR-ZB, RFPR-ZB-ES, RFPR-ZB-MS, for the PIR detectors and
RFDL-ZB, RFDL-ZB-ES, RFDL-ZB-MS, for the TriTech detectors.

All PIR detectors are identical in construction except for markings.

No designation identifies product as Bosch only product;

“-ES” designates a specific Multiple System Operator customer;

“-MS” designates Multiple System Operators other than Bosch and not the specific Multiple System Operator customer designated “ES”.

All TriTech detectors follow the same scheme described above.

Yours sincerely,

A handwritten signature in blue ink that reads "Peter J. Namisanak".

Peter Namisanak,
Sr. Regulatory Compliance Coordinator
Bosch Security Systems Inc.
