wireless headphones

what's included:

- Wireless Headphones
- Micro-USB Charging Cable

indicator:

- Solid Red - Charging
- No Red Light - Charging Complete
- Rapid Flashing Blue/Red - Pairing mode
- Slow Flashing Blue - Paired / Playing

FRONT

pairing

- When the headphones are off, hold the power button for 3 seconds until the indicator on the side rapidly flashes blue and red.
- Use the Bluetooth settings on your device to pair with **GEMS HEADPHONES**
- When the light flashes blue slowly, the headphones have paired successfully.

charging

- Plug the Micro-USB end of the charging cable into headphones charge port.
- Plug the USB end of the charging cable into a power supply of at least DC 5V 1A.
- **Warning:** please use UL compliant power supply.
- The indicator light will turn red when charging, a full charge requires approximately 2 hours.
- The indicator light will turn off when charging is complete.
- **note:** Headphones cannot playback when charging.

AUX/line in

- Insert your AUX cable into the headphones AUX port.
- Insert the opposite end of your AUX cable into the media source (phone, laptop, etc.).
- **note:** When using the AUX/Line in function, the headphones will only work as wired headphones and the button functions are temporarily disabled.

troubleshooting

- If the headphones are not working correctly, turn them on/off to reset.
- If the headphones won't turn on, recharge the battery and try again.
- If the headphones won't charge, make sure the power supply works, is 5V 1A, and not damaged.
- If the headphones make no sound or do not show as an available device, make sure they are not paired to a different device already.

safety:

- Do not use near any water source.
- Do not modify or repair this device.
- Do not use in high temperatures or extreme weather.
- Do not use chemical detergents to clean your device, use a soft dry cloth.

FCC ID: 2A023-WOE24 Model: WOE24HPB / WOE24CB / WOE24DAB / WOE24LB / WOE24BLK Input: 5V=1A Made in China
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) This device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
