

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

EUT Housing and Board View 2	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph of a small, green printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is rectangular with a yellowish-gold solder mask on one side. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler is oriented vertically, with the component's length corresponding to approximately 10 mm.
Solder Board-Component View 3	 A photograph of a larger, green printed circuit board (PCB) component, likely a main board or a larger board, placed on a blue textured surface. The board is rectangular with various electronic components, including a SIM card slot, a USB port, and several integrated circuits. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler is oriented vertically, with the board's length corresponding to approximately 100 mm.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 4'. The board is L-shaped and features a large silver heat spreader on the left side, a yellow component in the center, and a black connector at the top. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 10 to 100 mm.
Solder Board-Component View 5	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 5'. This view shows the underside of the board, revealing various electronic components, including a large black integrated circuit (IC) and several smaller components. The board is placed on the same blue textured surface next to the same black ruler with white markings in millimeters.

Solder Board-Component View 6	 A photograph of a green printed circuit board (PCB) component, likely a mobile phone antenna board, resting on a blue textured surface. The board is positioned next to a black ruler with white markings in millimeters. The board features various electronic components, including a SIM card slot labeled 'SIM1', a USB port, and several integrated circuits. Text on the board includes 'V2003 MB V11', 'E468435', '9A940-0-200', and 'M06979A'.
Antenna View	 A photograph showing the back of a black mobile phone with its battery cover removed, revealing the internal battery and antenna components. The phone is placed on a blue textured surface next to a black ruler with white markings in millimeters. Two red boxes with labels identify specific components: 'WIFI/BT/GPS Ant.' at the top and 'GSM/WCDMA Ant.' at the bottom. The battery label reads 'Model: W926 LITE', '2500mAh/3.8V 9.5Wh', 'Charging Voltage Limited 4.35V', 'Production Date: 20.12.07', 'wölki', and 'www.wolksmobile.com'. Below the battery, it says 'Rechargeable Lithium-ion Battery'.
