STATEMENT TO THE FCC

Reference CKE-JUE-410F
EA768015

To Whom It May Concern:

It has come to my attention that the JRC's application for type approval on the above referenced product will require two waivers. In order to allow for ample time to gain these waivers, JRC is requesting a deference period from the standard 60 days provided to respond to a request from the FCC for information. Your understanding in this matter is greatly appreciated. Please feel free to contact me personally if you should have any problems or questions.

With Best Regards,

Eric D'Ancicco
