

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and populated with various electronic components, including a microcontroller, resistors, capacitors, and a small black component. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters (mm) and centimeters (cm). The component is oriented horizontally, with its longer side parallel to the ruler's markings.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the component from a different angle, highlighting the solder joints and the underside of the components. It is placed on the same blue textured surface next to the same black ruler with white markings. The component is oriented horizontally, with its longer side parallel to the ruler's markings.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) with various electronic components. The board is positioned on a black surface with a white grid pattern. A ruler is visible at the bottom, showing measurements in millimeters. The board features a central component with a label that includes '3602', '04-0102', '120018-1001', and '04-1001'. Other components include a small black chip and several surface-mount components. The board is oriented vertically.
Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) with a grid pattern. The board is positioned on a black surface with a white grid pattern. A ruler is visible at the bottom, showing measurements in millimeters. The board is oriented vertically.
