Subject: Revised Test Report

Reference: FCC ID: NE3PCS004; BS-82U PCS Base Station

Dear Mr. Lyles,

We have just uploaded a revised test report for the BS-82U PCS Base Station.

The revision was done as per your request concerning the radiated spurious emission measurements. The radiated spurious emission revised data is located in the test report in paragraph 2.7, "Field strength of spurious emissions."

This new test report replaces the following:

Exhibit Type	Description of Exhibit	Date Submitted to FCC	Display Mode
Test Report	Revised Test Report	03/15/2002	pdf
Test Report	BS82U Plan and Results	01/10/2002	pdf

Should you have any further questions, please do not hesitate in contacting me.

Sincerely,

Rashmi J. Contractor
Senior Product Line Manager
