

- **Heating Pad**
 - Press the 'Heating Pad' button to activate the function.
 - There are three temperature levels. The light color changes from green to yellow to red to indicate an increase in heating pad temperature.
 - For safety, the function will automatically turn off after 30 minutes of operation.
 - Press the 'Home' button to turn off the heating function with one touch, or press the 'Heating Pad' button until the light turns red, then press again to manually turn off.
- **Air Massage**
 - Press the 'Air Massage' button to activate the function.
 - There are three massage modes. The light color of green, yellow and red indicate different massage modes.
 - For safety, the function will automatically turn off after 45 minutes of operation.
 - Press the 'Home' button to turn off the air massage function with one touch or press the 'Air Massage' button until the light turns red, then press again to manually turn off.

- **Home**
 - Press and hold the 'Home' button to close simultaneously recliner, headrest, and air lumbar to their original positions. Air massage and heating pad will stop simultaneously.
- **USB Charging Ports**
 - USB A/C ports are for charging mobile devices ONLY (not compatible with computers).
 - USB A/C total output 10W (5V/2A).
 - DO NOT USE USB SPLITTER/EXTENDERS, DO NOT CHARGE MULTIPLE DEVICES AT ONE TIME, OTHERWISE DAMAGES COULD OCCUR.

By following these instructions, you can easily operate and enjoy the various features and functions of your switch. If you encounter any issues or require further assistance, please consult the user manual or contact customer support.

WARNING!!!

Do not operate where aerosol (spray) products are being used, or where oxygen is being administered.

Do not allow water to enter the button crevices or charging ports of the switch.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.

ISED Statement

- English: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

- French: Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. L'appareil numérique du CIEM conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

Cet équipement doit être installé et utilisé avec une distance minimale de 0 cm entre le radiateur et votre corps.
