Dear Sir or Madam,

We, Proxim Wireless Corporation, hereby declare that initial version of Stratum X5 product line can only operate in the following frequencies:

- UNII-1 band: 5.150 - 5.250 GHz
- UNII-3 band: 5.725 – 5.850 GHz
- DTS band: 2.402 – 2.480 GHz for BLE communication

Support for UNII-2A & 2C bands is disabled by software.

Support for DTS band: 2.412 – 2.462 MHz is hardware disabled (2.4 GHz radio front end not populated)

Please contact me should there be need for any additional clarification or information.

Sincerely,

Ken Lim  
Accounting Manager
