Dear Sir or Madam:

SUBJECT: FCC Certification Application, FCC ID: PC24-11-FC/R

Please review the documentation for certification approval submitted to you by Intermec Technologies Corporation. The application is for the PC24-11-FC/R radio module, which operates in the 2.4-2.4835 GHz band as a direct sequence spread spectrum transmitter under Section 15.247.

The information provided to your agency contains all the important information concerning labeling, antenna information and RF Exposure statements. Information regarding the characteristics of the transmitter is detailed in the test report.

The radio is provided to Intermec Technologies Corporation by Agere Systems. Agere Systems has provided the information regarding the Theory of Operation, Schematics and Block Diagram for this certification application.

Please contact me at 425.348.2600, should you have any questions regarding this filing.

Sincerely,

Cheryl D. White
Compliance Engineer
