

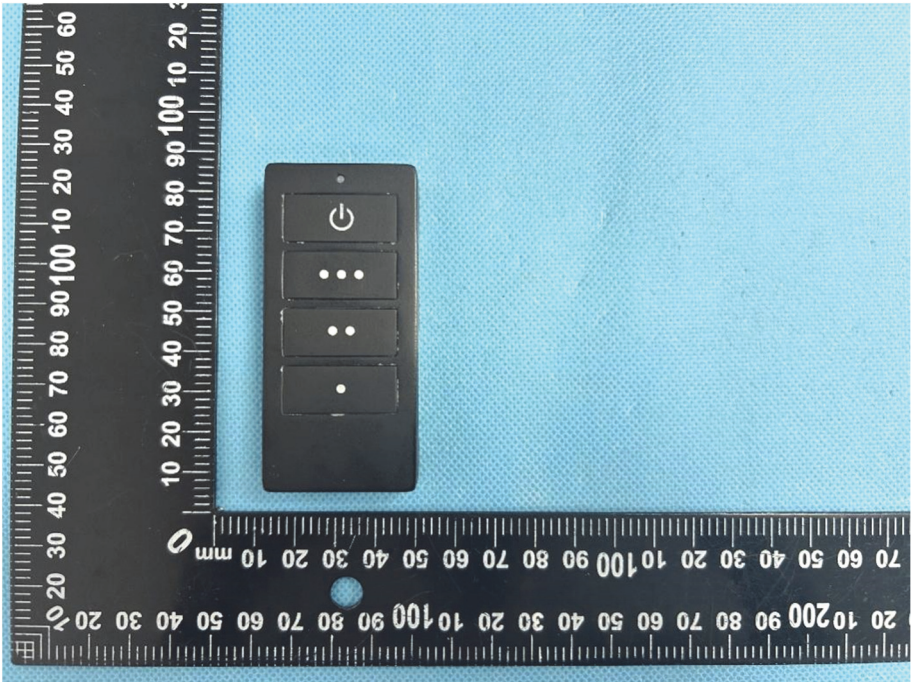

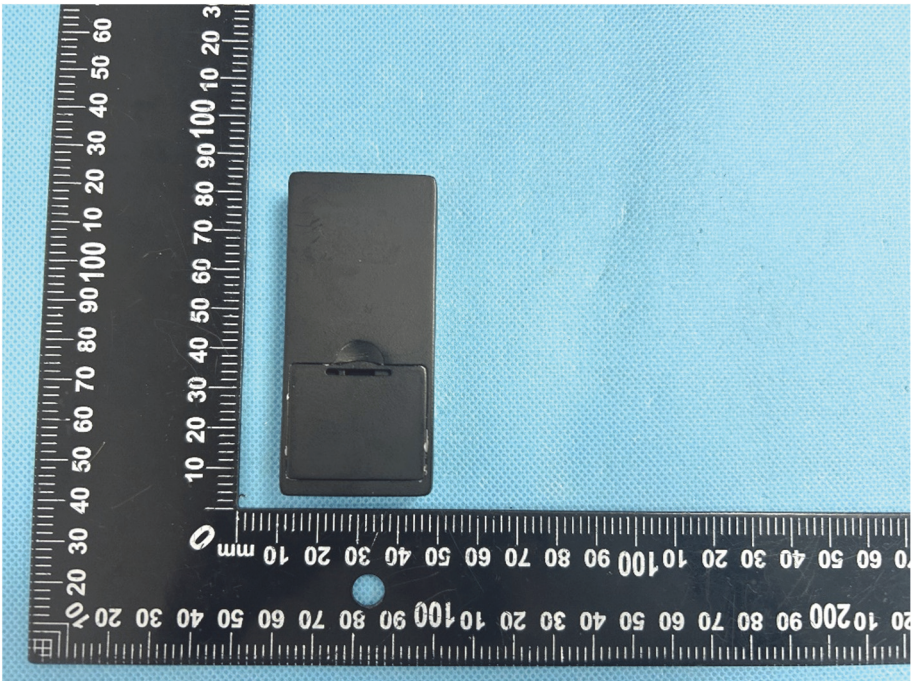

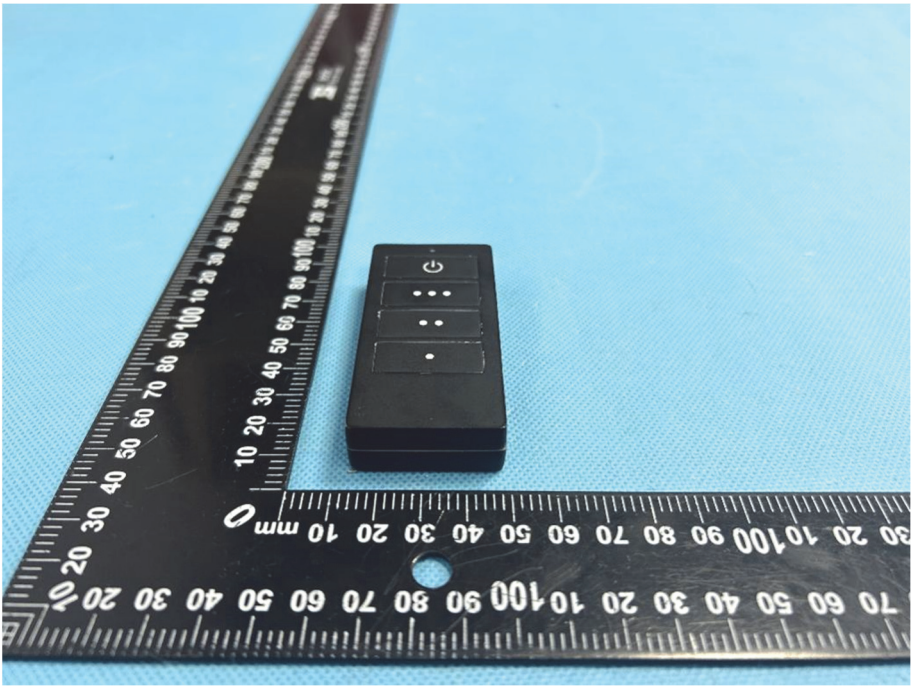

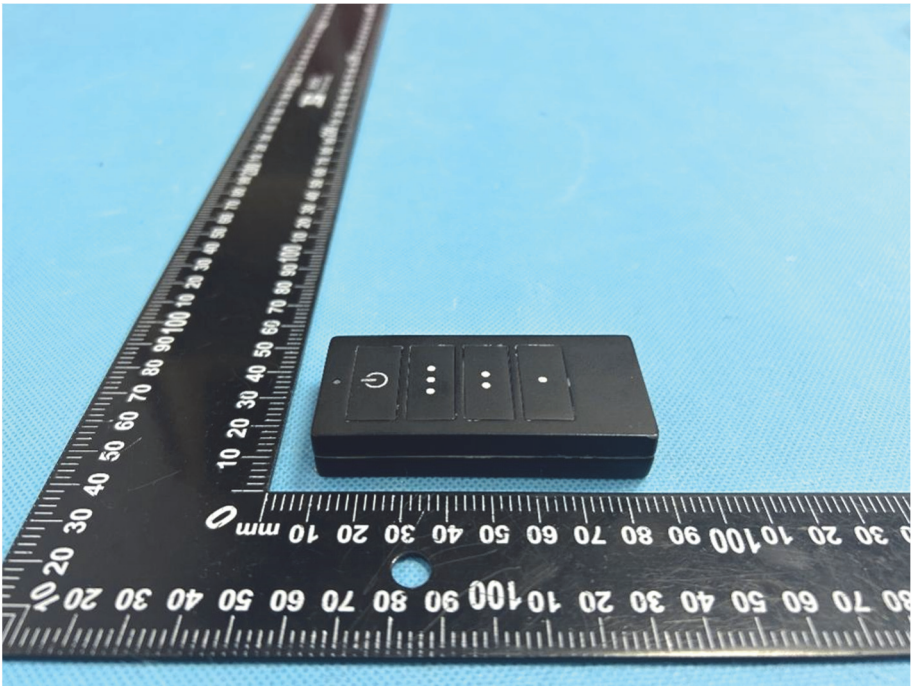

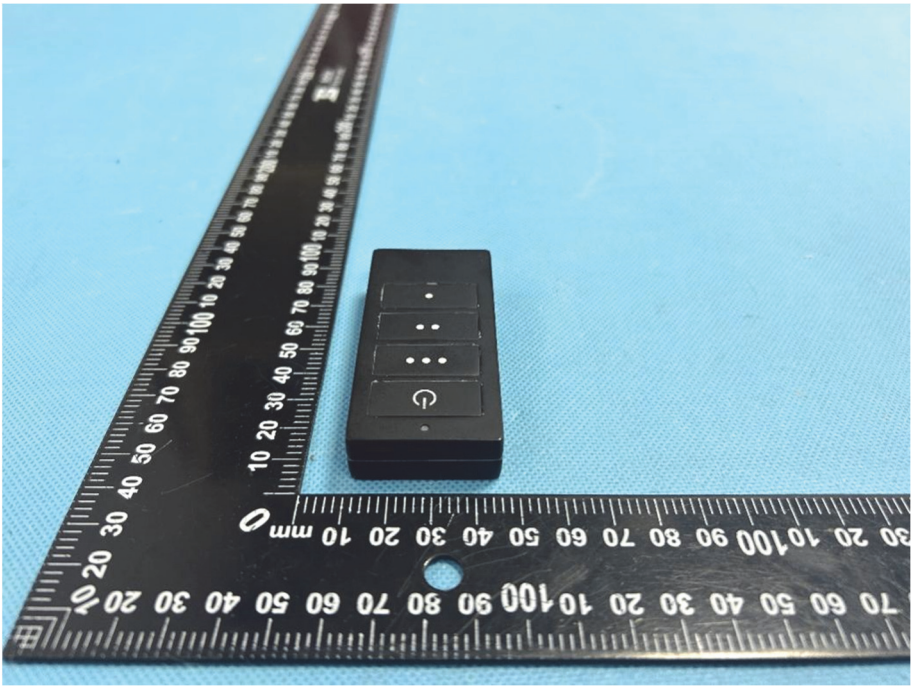

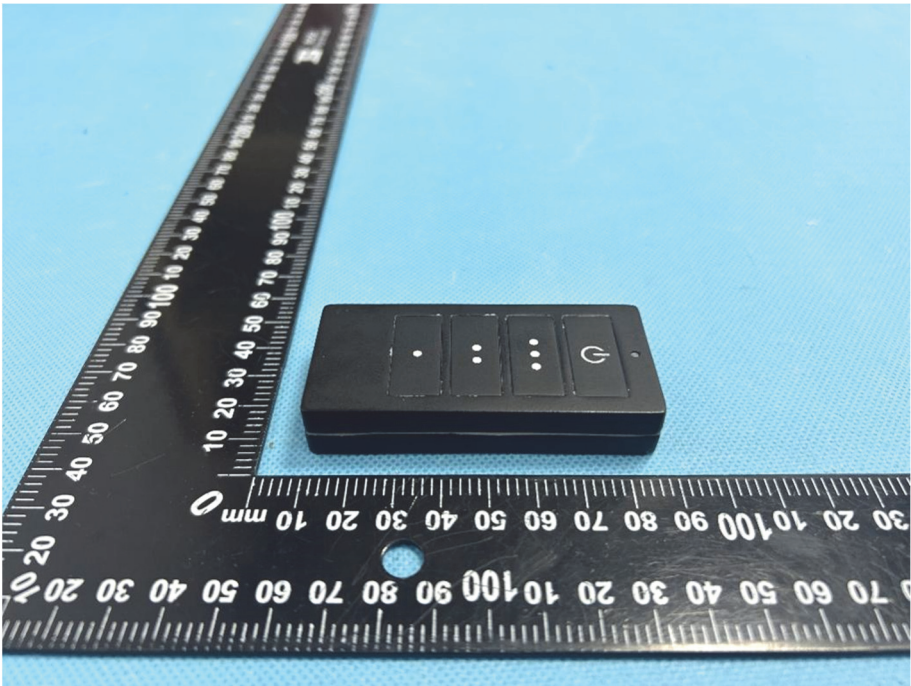

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black rectangular device is shown vertically against a blue background. To its left is a black L-shaped ruler with white markings in centimeters and millimeters. The device has four buttons arranged vertically: the top button has a power symbol, the second has three dots, the third has two dots, and the bottom has one dot. The ruler indicates the device is approximately 100mm high and 30mm wide.
EUT View 2	 A black rectangular device is shown vertically against a blue background. To its left is a black L-shaped ruler with white markings in centimeters and millimeters. The device has a small latch or hinge at the bottom. The ruler indicates the device is approximately 100mm high and 30mm wide.

EUT View 3	 A black rectangular device is shown from a side-on perspective. It features a power button (indicated by a circle with a diagonal line) and three status LEDs (indicated by three dots) on its top surface. The device is placed next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters. The background is a light blue textured surface.
EUT View 4	 A black rectangular device is shown from a front-on perspective. It features a power button (indicated by a circle with a diagonal line) and three status LEDs (indicated by three dots) on its top surface. The device is placed next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters. The background is a light blue textured surface.

EUT View 5	 A black rectangular device is shown next to a ruler for scale. The device has four buttons arranged vertically: a power button (⏻) at the bottom, followed by three dots (⋮), two dots (⋯), and one dot (⋅) at the top. The ruler shows the device is approximately 40mm long and 15mm wide.
EUT View 6	 A black rectangular device is shown next to a ruler for scale. The device has four buttons arranged vertically: a power button (⏻) at the bottom, followed by three dots (⋮), two dots (⋯), and one dot (⋅) at the top. The ruler shows the device is approximately 40mm long and 15mm wide.
