

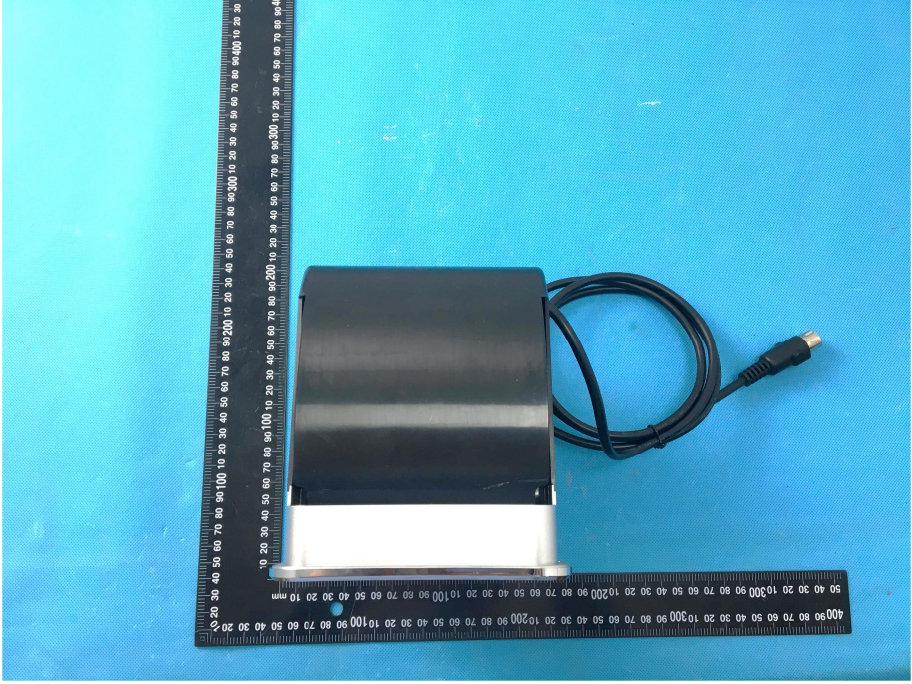

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the front of a silver, rectangular electronic device. The device has a large, blank screen at the top and a control panel below it with several buttons and a small display. A black cable is coiled to the right of the device. A ruler is placed vertically to the left of the device for scale.
EUT View 2	 A photograph showing the back of the same silver, rectangular electronic device. The back is mostly black with a silver-colored top edge. A black cable is coiled to the right of the device. A ruler is placed vertically to the left of the device for scale.

EUT View 3	 A black rectangular electronic device is shown from a top-down perspective. It features a small black fan on the left side, a central circular port with a black cable attached, and two small yellow indicator lights. The device is placed on a blue surface next to a black ruler with white markings for scale.
EUT View 4	 A black rectangular electronic device is shown from a side perspective. It has a silver-colored metal band on the right side. A black cable is connected to the top of the device. The device is placed on a blue surface next to a black ruler with white markings for scale.

EUT View 5	 A photograph of a rectangular electronic unit, labeled 'EUT View 5'. The unit has a white top half and a black bottom half. A black cable is coiled to the right of the unit. A ruler is placed vertically to the left of the unit for scale, showing measurements in millimeters and centimeters. The background is a blue textured surface.
EUT View 6	 A photograph of the same rectangular electronic unit, labeled 'EUT View 6'. This view shows the unit from a slightly different angle, highlighting the black front panel and the white base. The black cable is coiled to the right. A ruler is placed vertically to the left of the unit for scale. The background is a blue textured surface.
