ATTN.: Reviewing Engineer

FCC ID: VBNAZHL-01
HVIN(s)/Model(s): AZHL

We hereby request FCC C2PC Certification for the above mentioned HVIN(s)/Model(s).

The reason for this request is:

The change entails adding the 5G-NR 10MHz channel bandwidth carrier to the radio with resulting new emission designator. The change is made through updated software. There are no changes to the hardware. Radio Testing was performed to show compliance.

Kind regards
