

EXHIBIT:
PAGE 1 of 4 , LABEL FOR CFS8DL5853-1

To Whom it may concern,

The FCC ID is located in two (2) places on the CFS8DL5853-1.

1. It is located on the inside top cover instruction label, as shown on page 2.
2. It is also located on the BACK PLASTIC (EXHIBIT 4-2)

The FCC PART 15 STATEMENT is also located here; this is page 3.

Please note that since the label is molded into the plastic, white on white does not photograph well. For this reason please refer to page 4, for a mechanical drawing of the back plastic that shows the FCC ID, PART 15 STATEMENT, and the labels location on the unit.

ADEMCO

MODEL 5853

Refer to manual 5-051-735-00A or -00B for complete configuration and installation instructions. Protected under patent number: 5,524,099. Other patents pending.

Use battery type ADEMCO #466, Duracell DL123A, Panasonic CR123A, Sanyo CR123A, or VARTA CR123A. Use of another battery may present a risk of fire or explosion. See manual for safety instructions.
