Dear Linda;

Good Day. Thank you for your communication of 8/22 with regards to the filing of BRWXR3i.

I have looked into this situation, and I have found that the files that were sent for the following items were not correct:

External Photos
Internal Photos
ID Label Location
Schematics

The files that were sent were pages from the instruction manual, which were saved in error, and not correct as you have mentioned.

I am including the corrected attachments with this filing.

Please accept my apologies for any inconvenience.

I believe that these additional exhibits will clarify the situation. Please contact me with any additional questions.

Thank you for your time Linda.

Best Regards;
Len Sabato
