March 29, 2006

RE: FCC ID: I28MD-BTC2TY5_ATCB003315

Attention: Kathy Grzovic

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please provide the external photo exhibit for this application.

Response: Please refer to the external photograph exhibit uploaded with this response. The internal photograph exhibit was also revised, and was uploaded with this response.

2. Please note that the 731 says the power is 0.3W. The rf exposure and other documentation state 0.3mW. Please correct the 731 as appropriate to agree with the correct power of the device.

Response: Please refer to the revised 731 form uploaded with this response.

3. Please note that while I find the manual for the printer, I do not find the manual/installation instructions for the module itself. Please provide this manual/installation instructions.

Response: Per the applicant, there are no installation instructions for the module itself. The module is self contained within the printer and is not user-accessible.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued. Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the sender.
