

17 December, 2002

To Whom It May Concern:

Reference: EUM3003 – FCC ID "OOX-EUM3003" FCC Labeling

The drawing below represents the product label for the EUM30003, showing the FCC ID and warning. This label will appear on all EUM3003 modems, prominently displayed on the outside of the modem. Missing from this drawing are the CSA/UL markings and the correct Industry Canada number. These will be added to the label when we have received authorization to do so. The label below is approximately 50% larger than the actual label.

WaveRider Communications (Canada) Inc., 6110 1A St. SW, Calgary, AB Canada T2H 0G3
email: info@waverider.com web: <http://www.waverider.com>

WaveRider®

The location of the label is the same as on the EUM3000 as shown in the following picture (Note that the label shown is not the correct EUM3000 label. It is for illustrating placement only):

Your Truly,

Lawrence Gordon,
Senior Technical Design Lead,
WaveRider Communications Inc.
