Solder Board-Component View 7	 A photograph showing a small, circular electronic component with a black PCB and a white connector, resting on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm). The component is positioned near the 10 mm mark.
Solder Board-Component View 8	 A photograph showing a small, circular electronic component with a black PCB and a white connector, resting on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm). The component is positioned near the 10 mm mark.

Antenna View 1	NFC Antenna  A photograph showing the internal components of a device chassis. A square, blue, flexible NFC antenna is mounted on a metal base. It is connected to a yellow flexible ribbon cable. A red rectangular box highlights the antenna, and a red line points from the label 'NFC Antenna' to it. The device is placed on a blue textured surface.
Antenna View 2	BLE Antenna  A photograph showing the internal components of a device chassis. A black, rectangular BLE antenna is mounted on a metal base. It is connected to a white flexible ribbon cable. A red rectangular box highlights the antenna, and a red line points from the label 'BLE Antenna' to it. The device is placed on a blue textured surface.
