**SUBJECT: End Product Model Difference Attestation**

**Models: H2, H5**

We, **Level Home Inc.**, hereby declare that our end product, Home IOT Gateway, includes 2 model names as listed above. The above listed models are electrically and mechanically identical. The intention of the different models (HVIN) is only to distinguish the differences in supported technologies / bands. The different bands are enabled via firmware that is loaded at factory based on customer use-case. The firmware cannot be modified by any third-party or end-user.
