Subject: Replacement Attachment

To whom it may concern,

On behalf of my client, Hyundai Electronics of North America, I am submitting the attached test report a "word" document, file name 2K020401B and I ask that you except this document for the TEST REPORT main body of text. Please discard the previously submitted report, file name 2K020401A as this was administrative error on our part. FCC ID and Confirmation Numbers are listed above.

Due to some problems, which were occurring during uploading, some of the attachments were filed independent of an appendix coversheet(s). These exhibits can placed in the appropriate location in the main body of the Test Report titled "2K020401B.doc".

If there are any questions, regarding the format or the results in general please do not hesitate to contact me at any of the numbers below or via e-mail at chip@eclabs.com.

I Thank You in Advance,

Best Regards,
