Re: Authorization to file for FCC Part 15 Permissive Change on behalf of BroMax Communications, Inc. and Efficient Networks for the use of the SS2206 Wireless Directional Antenna with the SpeedStream SS1024 Wireless PCI Adapter.

Background

Bromax Communications, Inc., OEM of Efficient's SpeedStream SS1024 Wireless PCI Adapter understands and acknowledges that:

- Efficient Networks plans to sell the SS2206 Wireless Directional Antenna to be used with the SpeedStream SS1024 Wireless PCI Adapter.
- The SS2206 Wireless Directional Antenna provides a maximum gain of 8dBi and intended to improve the signal propagation of the SpeedStream SS1024 Wireless PCI Adapter.
- The SS2206 does not cause *Product Model* to exceed the maximum allowable output power and gain as specified by FCC Part 15.
- In order to sell the SS2206 in conjunction with SpeedStream SS1024 Wireless PCI Adapter, a Permissive Change must be filed against the FCC Approval ID# obtained for the SpeedStream SS1024 Wireless PCI Adapter. The Permissive Change filing will list the new SS2206 antenna as a permissible configuration to be used with the SpeedStream SS1024 Wireless PCI Adapter.

OEM Authorization Required

Efficient Networks has retained TÜV America Inc. to:

- Perform a quick test of the original SpeedStream SS1024 Wireless PCI Adapter with the SS2206 antenna.
- Issue a test report
- File the Permissive Change on behalf of BroMax Communications, Inc. and Efficient Networks, Inc.

By way of an authorized signature from BroMax Communications, Inc. in this letter, BroMax Communications, Inc. grants authorization to TÜV America Inc. to file the Permissive Change to FCC Approval ID# 05M-MW251 for the use of the SS2206 Wireless Directional Antenna with the SpeedStream SS1024 Wireless PCI Adapter.

Authorized Signature
Name: Frank Fu
Title: Product Manager

Attachment: FCC approval certificate and test report of SpeedStream SS1024 Wireless PCI Adapter.
