Federal Communications Commission Equipment Authorization Branch 7435 Oakland Mills Road Columbia, MD 21046

Re: Sierra Wireless FCC ID: N7N-MC5720

FCC Part 22 and 24 Certification Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47. Sierra Wireless hereby requests confidentiality of the Block Diagrams, Schematics, Theory of Operation, Antenna Specifications, Product Specification, and Tune-up Procedure attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product in which Sierra Wireless considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Sierra Wireless considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Jean-Philippe Kielsznia Director, Hardware Design Team Carlsbad Research & Development Sierra Wireless America, Inc.

Re: Sierra Wireless FCC ID: N7N-MC5720 Request for Short Term Confidentiality

To whom it may concern,

Sierra Wireless requests that the following files related to the above referenced certification application are temporarily withheld from public disclosure.

ALL test setup photos ALL external product photos ALL user manuals All Internal product photos

Sierra Wireless anticipates offering the product to the public in the near future and will notify the FCC when the product is available to the public so the Commissions may place appropriate application files on its web site for public dissemination.

If there are any questions of concerns, please do not hesitate to contact me at the email address below.

Sincerely

Jean-Philippe Kielsznia
Director, Hardware Design Team
