

Test Positions

Left Cheek  A close-up photograph of a white, dome-shaped antenna mounted on a white plastic base. The base has two green rectangular pads on its sides. The antenna is positioned horizontally, and the view is from the left side.	Left Tilt 15 Degree  A close-up photograph of the same antenna and base, but the antenna is tilted upwards at a 15-degree angle from the horizontal. The view is from the left side.
Right Cheek  A close-up photograph of the same antenna and base, but the antenna is tilted upwards at a 15-degree angle from the horizontal. The view is from the right side.	Right Tilt 15 Degree  A close-up photograph of the same antenna and base, but the antenna is tilted upwards at a 15-degree angle from the horizontal. The view is from the right side.
Front Side (Separation distance of 10mm)  A close-up photograph of the same antenna and base, but the antenna is tilted upwards at a 15-degree angle from the horizontal. The view is from the front side, showing the separation distance of 10mm.	Back Side (Separation distance of 10mm)  A close-up photograph of the same antenna and base, but the antenna is tilted upwards at a 15-degree angle from the horizontal. The view is from the back side, showing the separation distance of 10mm.
