USING THE 3-IN-1 FAN/LAMP/WIRELESS CHARGER

1. Connect the USB cable to the lamp and plug the other end into a power outlet.
2. Press the ON/OFF button to turn the fan ON, first-speed mode. To increase the speed, second-speed mode, press the ON/OFF button again. And press it again for the faster, third-speed mode. To turn the fan OFF, press the ON/OFF button for a fourth time.
3. To turn ON/OFF the LED light, hold the ON/OFF button for 3 seconds.
4. For wireless charging place your Qi wireless compatible device on the base of the 3-in-1 Fan/Lamp/Wireless Charger. The Wireless charging indicator will light up blue when the device is charging. The wireless charging indicator will light up red when the device is removed or not properly aligned on the base.

To prevent forgetting to turn off the fan, it will automatically turn off after 3 hours of use.

SPECIFICATIONS

LED:	17 Cool White LED Lights

⚠ WARNING: Cancer risk from Lead Exposure –
www.P65Warnings.ca.gov

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
