Date: September, 24, 2018

To whom it may concern:

Dolphin CT50 (Model # CT50LFN, FCCID: HD5-CT50LFN) is required to go through C2PC due to adding CDMA BC0/BC1 bands. Additionally, the same model is tested for VOIP/OTT HAC capability, mandated by FCC for devices supporting Google DUO, and SIP apks.

Sincerely,

A handwritten signature in black ink, appearing to read "M Salahshour".
