Subject: FW: ID Teck Co., Ltd., FCC ID: OYUSTARSR30, Assessment NO.: AN04T4324, Notice#1

> Dear Mr. Kim,

>

> Please ignore the following mail. For Assessment NO.: AN04T4324, please address the following 7 issues:

>

> Question #1: Based upon FCC15.215(c), "Intentional radiators operating under the alternative provisions to the general emission limits, as contained in §§ 15.217 through 15.257 and in Subpart E of this part, must be designed to ensure that the 20 dB bandwidth of the emission is contained within the frequency band designated in the rule section

> under which the equipment is operated." Please provide bandwidth plot to show bandedge compliance.

[Please kindly refer the attached test report.](#)

> Question #2: From the setup photo in the test report, it seems the EUT was placed on the ground, which does not agree with Test Procedure stated in the same report section IV. Please explain.

>

[It seems the eut was on the ground plane but it was on the table. I took a picture again.](#)

> Question #3: The test report show that no accessories no support equipments were used during the test. Please explain how the EUT was set to be in continuous transmission mode for test purpose.

[The applicant make the EUT to act continuous transmission mode for the test by set up program.](#)

Q: Please explain how the device was powered during the test. You may need to specify which kind AC/DC adaptor or DC power that was used during the test. I found a red power source connected with the cable of the EUT. Please explain what it is.

[A: This device work with DC power from the main control equipment that may be one of a lot of kind equipments. They don't supply the main control equipment and ac/dc adapter to the end users. For the testing, we use ac/dc adapter and the red power source is terminal of this adapter.](#)

>

> Question #4: The test report shows effective calibration duration of one test equipment is over. Please correct.

[Please kindly refer the attached test report.](#)

> Question #5: No exhibit of test setup photos was submitted. Please provide test setup photos with front view and back view.

[Please kindly refer the attached test setup photos.](#)

>

> Question #6: FCC ID label format shows "FCC ID: OYUSTAR SR30". Please note no space is allowed in FCC ID. Please revise.

[Please kindly refer the attached id label.](#)

>

> Question #7: Please provide one more external photo to show what the end of the cable looks like.

[Please kindly refer the attached external photos.](#)

[Thank you so much for your cooperation.](#)

[Best regards,](#)
