Dear Sir/Madam

Regarding the application for approval of the Colubris Networks Models CN330 and CN3300 (FCC ID # RTP-550-10016-3), the RF output section of this product employs the same Wistron CM-6 Mini-PCI format radio utilized in our previous filing (FCC ID # RTP-550-10016-1). No modifications have been made to this radio.

Sincerely,
Gerrret L. Durling
