Re: Class II Permissive Change  
Our Ref.: 07289-001001

Dear Mr. Coperich:

Pursuant to 47 CFR § 2.1043, transmitted herewith on behalf of Powerwave Technologies Inc. is the application (FCC Form 731) for a Class II Permissive Change for the Multi-Channel Power Amplifier, with FCC ID 5JS0042 granted on April 6, 2000.

The only modification to the existing Grant of Certification includes the option of operation with a single amplifier producing 100 watts of output, rather than the 200 watts output produced by the combination of two identical amplifiers as in the original grant. There is no change in the operation of this unit when only one amplifier is operating.

The application fee in the amount of \$45.00 has been submitted by electronic payment.

Should you have any questions or comments concerning this application, please call or email at [mahn@fr.com](mailto:mahn@fr.com).

Very truly yours,

Terry G. Mahn
