

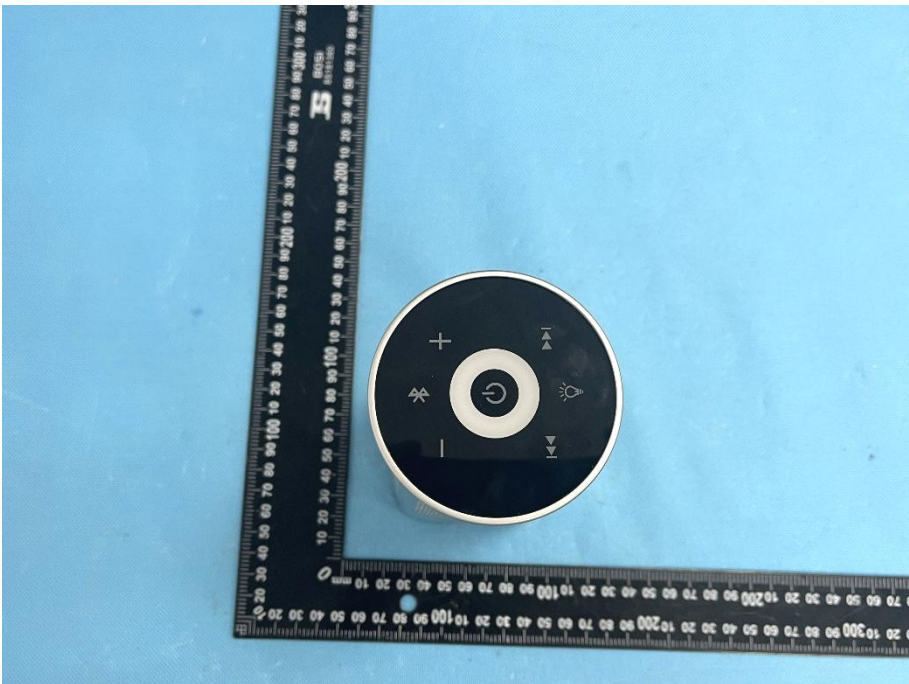

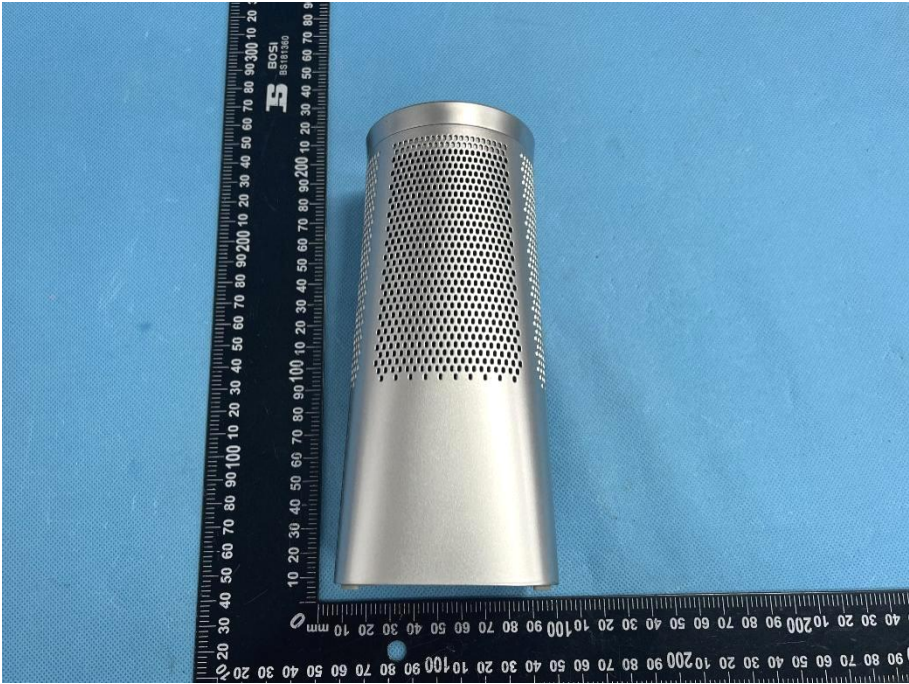

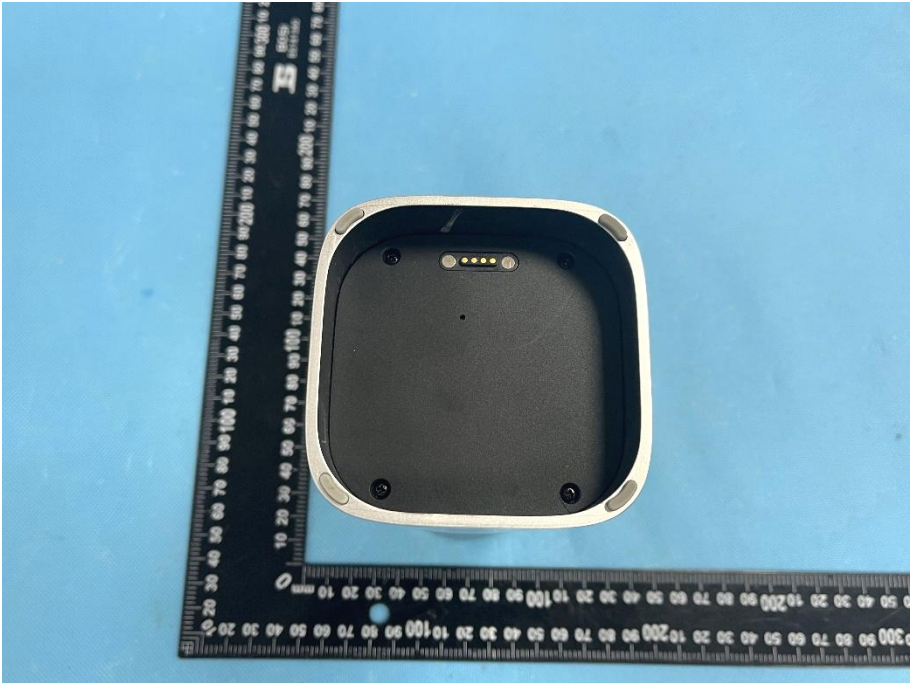

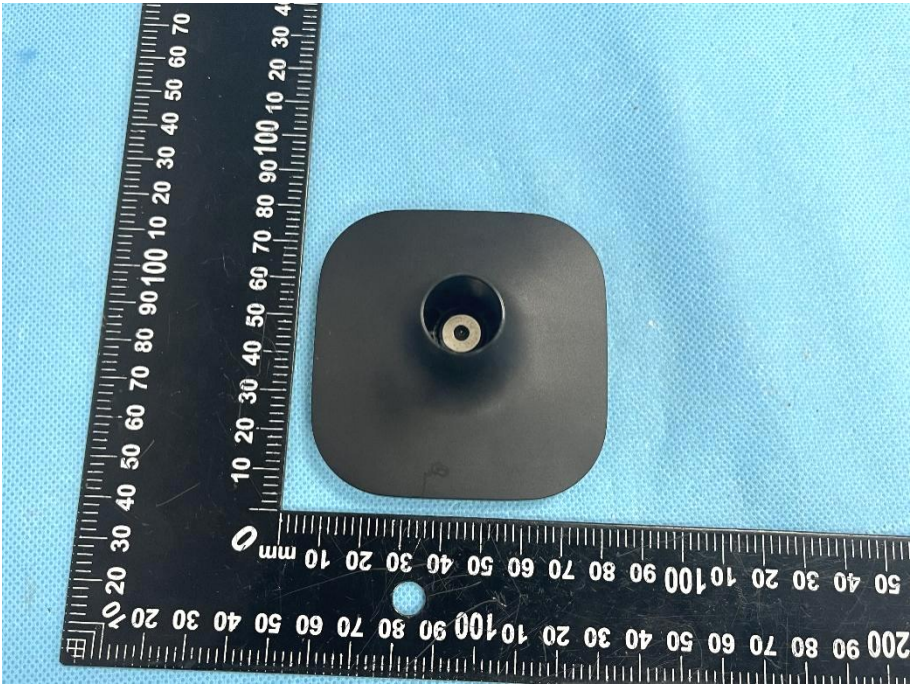

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

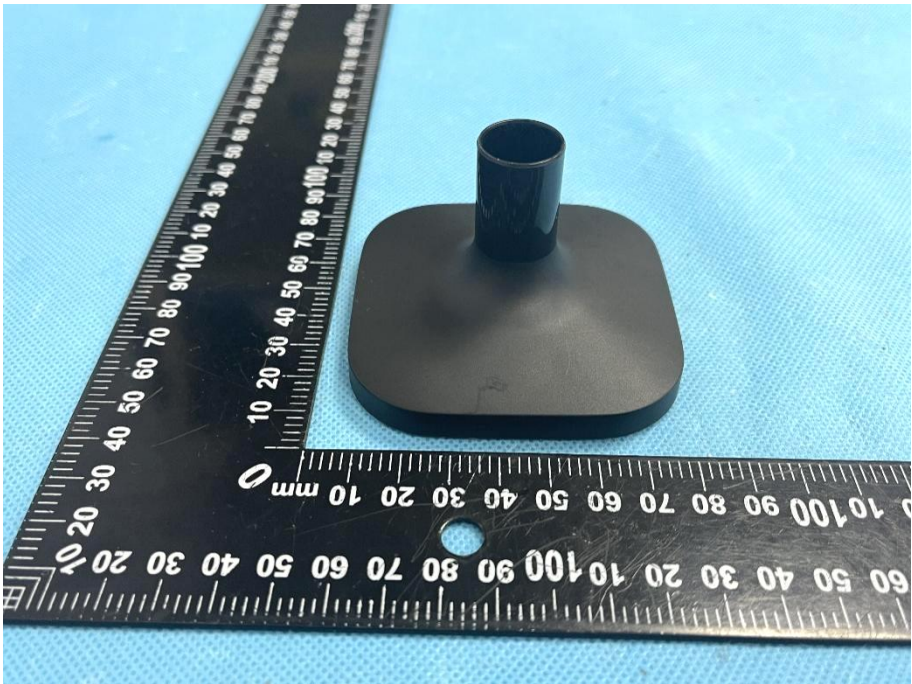

EUT View 1	 A photograph showing the External Under Test (EUT) and its accessories on a blue surface. A black L-shaped ruler is placed vertically and horizontally for scale. The EUT is a small, black, cylindrical device with a silver-colored top face. To its right are three cables: a white USB-A to USB-B cable, a black USB-A to a small black module, and a black power cable with a two-prong AC plug. The top face of the EUT features a central power button with a power symbol, surrounded by four directional buttons (up, down, left, right) and a '+' sign at the top and a '-' sign at the bottom.
EUT View 2	 A close-up photograph of the top face of the EUT. The device is circular with a silver-colored rim. The top face is black and features a central power button with a power symbol. Surrounding the power button are four directional buttons (up, down, left, right) and a '+' sign at the top and a '-' sign at the bottom. A black L-shaped ruler is placed vertically and horizontally for scale.

EUT View 3	
EUT View 4	

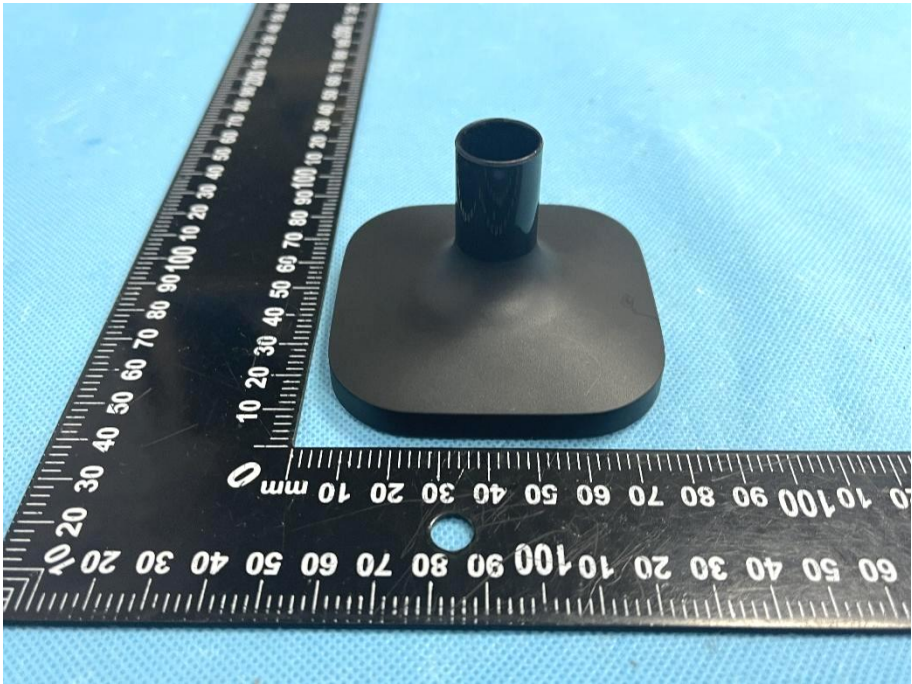

EUT View 5	 A photograph of a cylindrical metal component, likely a filter or part of a device. The component has a smooth, polished lower half and a perforated upper half. It is positioned vertically next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters. The background is a solid blue surface.
EUT View 6	 A photograph of the same cylindrical metal component from a different angle. This view shows the perforated section more prominently. The component is still next to the same black ruler with white markings on a blue background.
