Luxshare Precision Industry Co.,Ltd.

Attention: Certification reviewer
RE: Request for Confidentiality FCC ID: 2AYYS- CS116K4O
To Whom It May Concern:
Permanent Confidentiality [Complete this section if permanent confidentiality is requested]
Request to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFF 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kep permanently confidential:
Schematics
Short-term Confidentiality [Complete this section if short-term confidentiality is requested]
Request to withhold from public review for a period of 180 days from the date of the Grant of Equipmen Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept short-term confidential for a period above from the date of the grant
[Select one or more of items below that are not selected in the list above, as appropriate] Schematics Block diagrams Operational Description Tune-up Procedure

 □ Parts List □ Test Setup Photos □ External Photos □ Internal Photos □ Users Manual
Rationale for request for confidentiality:
We have invested considerable time and materials in research and development to produce the referenced product. Permanent confidentiality: Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Short-term confidentiality: Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.
If you have questions or need further information, please contact the undersigned.
Sincerely

Bin Lin Product Design Engineer 2024-12-06
