

Difference Statement

FCC ID: 2AOTU-KDDY109B-XXX

KDDY109B-XXX

The first "X" means the function, including order of going up and down, with or without LED light, color of LED light. The second "X" means color of appearance. The third "X" means length of appliance lead wire. The only difference between the models in each series is the nomenclature. The PCB schematic diagram, PCB Layout, appearance, etc. are all the same. We prepared model KDDY109B-001 for RF test.
