

**WL-60T****Owner's Manual**

Before using this unit, carefully read "USING THE UNIT SAFELY" and "IMPORTANT NOTES". After reading, keep the document(s) where it will be available for immediate reference.

© 2019 Roland Corporation

For details on how to use the WL-60T, refer to the owner's manual of the wireless system product that you're using.

USING THE UNIT SAFELY

INSTRUCTIONS FOR THE PREVENTION OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS

About **WARNING** & **CAUTION** Notices

WARNING
Used for instructions intended to prevent potential situations that could result in death or severe injury should the unit be used improperly.

CAUTION
Used for instructions intended to prevent potential situations of injury or material damage should the unit be used improperly.

MATERIAL DAMAGE
Material damage refers to other adverse effects caused with respect to the home and property, such as damage to domestic animals or pets.

ALWAYS OBSERVE THE FOLLOWING

WARNING
Do not disassemble or modify by yourself
Do not carry out anything unless you are instructed to do so in the owner's manual. Otherwise, you risk causing damage to the unit.

DO NOT REPAIR OR REPLACE PARTS BY YOURSELF
Be sure to contact your dealer, a Roland service center, or an official Roland dealer.

For a list of Roland service centers and official Roland dealers, refer to the Roland website.

DO NOT USE THE UNIT IN THE FOLLOWING TYPES OF LOCATIONS

- Subject to temperature extremes (e.g., direct sunlight in an enclosed vehicle, near a heating duct, on top of heat-generating equipment); or are exposed to dust, baths, washrooms, or water, or are exposed to smoke or soot.

- Subject to salt exposure; or are exposed to rain; or are dusty or sandy; or subject to high levels of vibration and shaking; or are placed in a poorly ventilated location.

DO NOT PLACE IN AN UNSTABLE LOCATION
Otherwise, you risk injury as the result of the unit toppling over or dropping down.

ONLY THE SPECIFIED AC ADAPTER AND THE CORRECT VOLTAGE

Use only the specified AC adapter, and make sure the line voltage at the installation matches the input voltage specified on the AC adapter's label.

DO NOT ALLOW FOREIGN OBJECTS OR LIQUIDS TO ENTER; NEVER PLACE CONTAINERS WITH LIQUID ON IT

Do not place containers containing liquid (e.g., flower vases) on this product. Never allow foreign objects (e.g., flammable objects, coins, metal objects, or juice) to enter this product. Doing so may cause short circuits, faulty operation, or other malfunctions.

TURN OFF THE UNIT IF AN ABNORMALITY OR MALFUNCTION OCCURS

In the following cases, immediately turn off the power and contact your dealer, Roland service center, or an official Roland dealer for service:

- If smoke or unusual odor occurs; or - Objects fall onto the unit, or liquid has been spilled onto it.

- The unit has been exposed to rain (or otherwise has become wet); or

- The unit does not appear to operate normally or exhibits a marked change in performance.

For a list of Roland service centers and official Roland dealers, refer to the Roland website.

BE CAUTIOUS TO PROTECT CHILDREN FROM INJURY

Always use sun glasses as advised on how to use the unit, and guidance when using the unit in places where children are present, or when a child will be using the unit.

DO NOT DROP OR SUBJECT TO STRONG IMPACT

Otherwise, you risk causing damage or malfunction.

HANDLE BATTERIES CAREFULLY

If used improperly, you risk the danger of leakage, overheating, combustion, explosion, etc. Carefully observe the following:

- Do not heat, disassemble, or toss them into a fire or water.

- Do not expose them to sunlight, flame, or any other source of extreme heat.

- Do not attempt to charge a dry cell battery.

DO NOT PLUG OR UNPLUG CABLES WHILE THE UNIT IS TURNED ON

When connecting all cables, grasp the connector itself—never pull on the cable. This way you will avoid causing shorts, or damage to the cable's internal elements.

- Never keep batteries together with metallic objects such as ballpoint pens, necklaces, hairpins, etc.

- Do not use connection cables that contain a built-in resistor.

- When turning the unit over, be careful so as to protect the buttons and knobs from damage. Also, handle the unit carefully, so that where it was purchased.

CARELESSLY REMOVING BATTERIES CAN DAMAGE THE UNIT

When removing batteries, always use a screwdriver or similar tool to remove the battery compartment cover. Do not use your fingers to remove the cover.

DO NOT USE THIS PRODUCT CLOSE TO OTHER EQUIPMENT

When using the unit near other electronic equipment, such as personal computers, audio equipment, or video equipment, do not place the unit directly next to them. Doing so may cause interference between the two units.

DO NOT USE THIS PRODUCT NEAR FLAMMABLE MATERIALS

When using the unit near flammable materials, such as paint thinner, gasoline, etc., do not place the unit directly next to them. Doing so may cause a fire.

DO NOT USE THIS PRODUCT IN A HUMID ENVIRONMENT

When using the unit in a humid environment, such as a bathroom, do not place the unit directly next to a bathtub or shower. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a garage, do not place the unit directly next to a car. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A HOT ENVIRONMENT

When using the unit in a hot environment, such as a car in direct sunlight, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A VIBRATING ENVIRONMENT

When using the unit in a vibrating environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A WET ENVIRONMENT

When using the unit in a wet environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT

When using the unit in a dusty environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DRY ENVIRONMENT

When using the unit in a dry environment, such as a car in motion, do not place the unit directly next to a car seat. Doing so may cause a short circuit or other malfunctions.

DO NOT USE THIS PRODUCT IN A DUSTY ENVIRONMENT
