Re: FCC ID QF7TERRAVISION
Applicant: Geophysical Survey Systems, Inc.
Correspondence Reference Number: 25263
731 Confirmation Number: EA637896

Our system, QF7TERRAVISION, complies with Section 15.509(c) and subsequent revisions. The R&O dated March 12, FCC release # 03-33 limits the requirement for a deadman switch to hand-held units and wall imaging, neither of which include the Terravision.

Best regards

Alan Schutz
