About This Guide

This guide provides a brief introduction to the Home Security Wi-Fi Camera and the Tapo app, as well as regulatory information.

Please note that features available of the Tapo smart camera may vary by model and software version. The availability may also vary by region. All images, steps, and descriptions in this guide are only examples and may not reflect your actual experience.

Conventions

In this guide, the following convention is used:

Convention	Description
Blue	Key information appears in teal, including management page text such as menus, items, buttons and so on.
<u>Underline</u>	Hyperlinks are in teal and underlined. You can click to redirect to a website.
Note:	Ignoring this type of note might result in a malfunction or damage to the device.

More Info

- Specifications can be found on the product page at <u>https://www.tapo.com</u>.
- Our Technical Support and troubleshooting information can be found at https://www.tapo.com/support/.
- The setup video can be found at https://www.tp-link.com/support/setup-video/#cloud-cameras.

Introduction

When you are away home, there are always something you care about. Tapo C100 helps you receive a notification whenever your camera detects movement and check it in detail through the Tapo app. Also, you can personalize your security by setting motion detection zones to only notify you of what happens in areas that you choose.

- 1080p High-Definition Provides greater sharpness and clarity.
- Night Vision Provides a visual distance of up to 30 ft in total darkness.
- Live View Always keep an eye on what matters most to you—anytime, anywhere.
- Two-Way Audio Communicate in real time through a built-in microphone and speaker.
- Alarm System Triggers lights and sounds as an alarm when motion is detected.
- Privacy Mode Temporarily shut down surveillance with a tap in the app.
- Sharing Share interesting and funny videos to everyone on social media.
- Easy Setup Follow in-app instructions to easily set up within minutes.
- Local Storage Store up to 128 GB of video on a microSD card[†], equal to 384 hours (16 days) of footage⁴.
 [†] The SD card is not provided. ^AThe data comes from TP-Link laboratory.

Appearance

The Home Security Wi-Fi Camera has a system LED that changes color according to its status, an alert light, lens, microphone, DC power port, RESET button and a microSD card slot. Refer below for details.

- Blinking red quickly: Camera resetting
- Blinking green quickly: Camera updating

Set Up Your Camera

Follow the steps below to get started with your new camera.

Step 1. Download App

Get the Tapo app from the App Store or Google Play, or by scanning the QR code below.

Step 2. Log In

Open the app, and log in with your TP-Link ID. If you don't have an account, create one first.

Step 3. Add Your Camera

Tap the \oplus button in the app and select your model.

Step 4. Configure Camera

Follow app instructions to configure your camera and add it to your home network.

Step 5. Place Camera

Place your camera on a flat surface, or install it on a wall or ceiling with the provided mounting screws.

1. Mark Position

Place the mounting template where you want the camera.

For wall mounting, drill two holes through two circles.

2. Mount Base

Affix two mounting screws with the help of mounting template.

For wall mounting, insert two anchors into holes and screw the screws into the anchors.

3. Secure Camera

Hang your camera on the screws.

Main Camera Controls

After you successfully set up the camera, you will see your camera listed on the home page. You can view and manage your camera from anywhere at any time with the Tapo app.

Home Page

This page lists all your cameras you've added and you can view them directly and manage them easily. Tap the camera or go to Camera Preview > Manage to enter the Live View page.

Live View

Tap Talk or Voice Call to communicate with loved ones, turn on Alarm to get noticed when motion detected, enable the Privacy Mode to temporarily shut down the surveillance for privacy, or go to Playback & Memory to check all recordings and saved moments.

Camera Settings

On Live View page, tap 💮 to enter the Camera Settings page. You can change the settings of your camera to meet various needs, such as change your camera name, customize detection settings and recording schedules, turn on or off notifications, set activity zones, etc.

On this page, you can edit your account, quickly check the memorable moments you saved, or find the FAQs of using smart camera and basic info related to the Tapo app.

Motion Detection

With motion detection, the Tapo app alerts you of activity that matters and sends notifications straight to you when motion detected. Insert a microSD card to record the clips when motion detected. Otherwise, you can only receive the notifications. Note: Initialize the SD card on the app before using it.

1. Go to Camera Settings page and tap Detection & Alerts to customize its current detection settings.

2. On the Detection & Alerts page, enable the Motion Detection function. It's recommended to enable the Notifications function to receive motion detection messages.

- 3. Customize Camera Alarm settings. Choose Alarm Type (Sound/Light) and Alarm Sound (Siren/Tone), and set Alarm Schedule as needed.
- 4. Customize Activity Zones and the camera will only detect motion in custom zones. Entire view is covered by default.

5. Adjust Motion Sensitivity (Low/Normal/High) as needed. Increased sensitivity results in more recordings and notifications.

6. After editing the detection settings for the camera, you can set the Recording Schedule for the motion detection.

7. On the Live View page, tap to find all recordings. The orange sections are recordings for motion detection.

Note: The microSD card is needed for recordings. Initialize the SD card on the app before using it.

24-hour Recordings

The microSD card is needed for 24-hour recording and it's suggested to initialize the SD card on the app before using it.

1. On the Live View page, tap 🐼 to enter the Camera Settings page.

2. Toggle on to enable the microSD Recording function and set the Recording Schedule for Continuous Recording (24-hour Recording) as needed.

On the Live View page, tap is to find all recordings. The blue sections mean continuous recording.
 Note: The microSD card is needed for recordings. Initialize the SD card on the app before using it.

Privacy Mode

On the Live View page, tap _______ to enable the Privacy Mode. When enabled, streaming and recording functions will be temporarily disabled to protect

your privacy.

FCC compliance information statement

Product Name: Home Security Wi-Fi Camera

Model Number: Tapo C100

Component Name	Model	
AC ADAPTER	T090060-2B1	

Responsible Party: TP-Link USA Corporation Address: 10 Mauchly, Irvine, CA 92618 Website: http://www.tp-link.com/us/ Tel: +1 626 333 0234

Fax: +1 909 527 6804

E-mail: sales.usa@tp-link.com

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.

2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

"To comply with FCC RF exposure compliance requirements, this grant is applicable to only Mobile Configurations. The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter."

We, **TP-Link USA Corporation**, has determined that the equipment shown as above has been shown to comply with the applicable technical standards, FCC part 15. There is no unauthorized change is made in the equipment and the equipment is properly maintained and operated.

UK

UKCA Declaration of Conformity

TP-Link hereby declares that the device is in compliance with the essential requirements and other relevant provisions of the Electromagnetic Compatibility Regulations 2016 and Electrical Equipment (Safety) Regulations 2016.

The original UK Declaration of Conformity may be found at https://www.tapo.com/support/ukca/.

Canadian Compliance Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.

2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. l'appareil ne doit pas produire de brouillage;

 $2.\ l'utilisateur de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage radio {\'}electrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter tout brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit accepter doit de la brouillage est susceptible d'en compromettre le fonctionnement de l'appareil doit de la brouillage est susceptible d'en compromettre de la brouillage est$

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

Industry Canada Statement

CAN ICES-3 (B)/NMB-3(B)

Korea Warning Statements:

당해 무선설비는 운용중 전파혼신 가능성이 있음.

NCC Notice & BSMI Notice:

注意!

依據 低功率電波輻射性電機管理辦法

LP0002低功率射頻器材技術規範_章節3.8.2

取得審驗證明之低功率射頻器材,非經核准,公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

低功率射頻器材之使用不得影響飛航安全及干擾合法通信;經發現有干擾現象時,應立即停用,並改善至無干擾時方得繼續使用。 前述合法通信,指依電信管理法規定作業之無線電通信。

低功率射頻器材須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

安全諮詢及注意事項

- •請使用原裝電源供應器或只能按照本產品注明的電源類型使用本產品。
- •清潔本產品之前請先拔掉電源線。請勿使用液體、噴霧清潔劑或濕布進行清潔。
- 注意防潮,請勿將水或其他液體潑灑到本產品上。
- •插槽與開口供通風使用,以確保本產品的操作可靠並防止過熱,請勿堵塞或覆蓋開口。
- 請勿將本產品置放於靠近熱源的地方。除非有正常的通風,否則不可放在密閉位置中。
- •請不要私自拆開機殼或自行維修,如產品有故障請與原廠或代理商聯繫。

Safety Information

- Keep the device away from water, fire, humidity or hot environments. If you need service, please contact us.
- Do not attempt to disassemble, repair, or modify the device.
- Do not use damaged charger or USB cable to charge the device.
- Do not use any other chargers than those recommended
- Do not use the device where wireless devices are not allowed.
- Adapter shall be installed near the equipment and shall be easily accessible.
- Use only power supplies which are provided by manufacturer and in the original packing of this product. If you have any questions, please don't hesitate to contact us.

Operating Temperature: 0 °C~ 40 °C (32°F ~ 104°F)

Storage Temperature: -40°C~70°C (-40°F ~ 158°F)

Please read and follow the above safety information when operating the device. We cannot guarantee that no accidents or damage will occur due to improper use of the device. Please use this product with care and operate at your own risk.

Explanation of the symbols on the product label

Symbol	Explanation
