

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 The image shows the front view of two identical white rectangular electronic units. Each unit features a circular keypad with a power button in the center, surrounded by numbers 1 through 6. Below the keypad is a small circular light indicator. The units are placed on a blue background, and a ruler is visible at the bottom for scale.
EUT View 2	 The image shows the back view of the two white rectangular electronic units. It reveals the internal wiring, including green and black cables, and the mounting holes. The units are placed on a blue background, and a ruler is visible at the bottom for scale.

EUT View 3	 A photograph showing the front view of a white rectangular electronic unit (EUT). The unit features a circular control panel with a power button in the center, surrounded by six numbered buttons (1-6). Below the circular panel is a small rectangular light indicator. The unit is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the unit, showing measurements in millimeters and centimeters. Two black wires and one green wire are connected to the top of the unit.
EUT View 4	 A photograph showing the back view of the same white rectangular electronic unit. The back panel is open, revealing internal components, including a printed circuit board (PCB) with various electronic components and wiring. Two black wires and one green wire are connected to the back of the unit. The unit is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the unit, showing measurements in millimeters and centimeters.
