

Declaration of Differences

Date: September 23, 2024

We hereby confirm that any of our production units bearing the following models HE3X Pro and G31 Pro have the following differences and commonalities

The main differences are: different wiring harnesses, an additional relay module, an additional solenoid valve controller, and different structural components; the main components are the same, including the Machine Control Terminal, machine control box, Bluetooth antenna, GNSS antenna, and radio antenna

Product Name	Model No.	Applicant and manufacturer
3D Grade Control System	HE3X Pro	FJ Dynamics Co., Ltd.
3D Excavator Guidance System	G31 Pro	FJ Dynamics Co., Ltd.

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely yours.

Crystal Li
