

To the FCC or FCC TCB handling this application

Hereby we,

Company name (grantee) Hui Zhou Gaoshengda Technology Co.,LTD

Address NO.75 Zhongkai Development Area, Huizhou, Guangdong, China

City / ZIP / State / Country Huizhou, Guangdong, China

request **modular approval** for the certification of our equipment within this application, identified by:

FCC ID: 2AC23-WCT3EM2611

The table below contains the justification for modular approval of this equipment:

Requirement	Explanation from grantee (do <u>not</u> write yes / no, but <u>explain</u> why it complies / how it is achieved)
1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;	Yes (The modular equip with own RF shielding case)
2. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;	Yes (The modular data inputs are buffered through log or microcontroller connections)
3. The module must contain power supply regulation on the module;	Yes (RF voltage regulation is handled on the module)
4. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b);	Yes (The modular with permanently antenna, the antenna is FPC Antenna)
5. The module must demonstrate compliance in a stand-alone configuration;	Yes (The modular during testing with a USB adapter, and the distance is greater than 10cm, so the distance between modular and host system is greater than 10cm)
6. The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748);	Yes (Please refer to FCC ID label)
7. The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee;	Yes (Please refer to the modular installation manual)
8. The module must comply with RF exposure requirements.	Yes (Please see the MPE report, the modular meets MPE calculation of 47 CFR 1.107 (b)(1).)

Attestation (by grantee)

City and Country:	Date:	Name: (this must be a person)	Function:	Signature: (or official company stamp)
