

Instruction Manual

Remote control

Item no. Transmitter EMW202ST

A. Functions

1. Fix code, no need to pair
2. Manual button to control receiver ON/OFF.

B. Diagram

No.	Description	Function
1	LED indicator	Light up when ON/OFF button is pressed
2	ON OFF	Switch ON/OFF the receiver

C. Instruction

- a) Take off the insulation sheet from the battery cover on the back of the remote
- b) Press ON/OFF button on the transmitter to switch the receiver ON/OFF
- c) If the LED indicator does not light when the ON/OFF button is pressed, please replace the battery

D. Caution

1. When the battery of transmitter is in low voltage, it influences product transmitting distance

E. Specification

Transmitter battery: CR2032 DC3V
Frequency: 433.92 MHz
Distance: Up to 25 meters in open area

FCC CAUTION:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses

and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

IC WARNING:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Les communications effectuées au moyen de cet appareil ne sont pas nécessairement protégées des indiscretions.

the device is compliance with RF exposure guidelines, user can obtain Canadian information on RF exposure and compliance.

Le présent appareil est conforme

Après examen de ce matériel aux conformités ou aux limites d'intensité de champ RF,

Les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité and compliance d'acquiescer.
